INDEPENDENT AUDITOR'S REPORT

Board of Trustees
John A. Logan College
Community College District No. 530
Carterville, Illinois 62918

We have audited the accompanying financial statements of the business-type activities of John A. Logan Community College District No. 530 and the discretely presented component unit, John A. Logan College Foundation, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the College's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the basic financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting principles used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities and the discretely presented component unit of John A. Logan Community College District No. 530, as of June 30, 2014, and the respective changes in financial position, and cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 6a through 6f be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise John A. Logan Community College District No. 530's basic financial statements. The other supplemental information as listed in the table of contents is presented for purposes of additional analysis and is not a required part of the basic financial statements. The schedule of expenditures of federal awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is also not a required part of the basic financial statements.

The other supplemental information, including the schedule of expenditures of federal awards, is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information, except for the portion marked unaudited, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the basic financial statements as a whole.

We have also previously audited, in accordance with auditing standards generally accepted in the United States of America, John A. Logan Community College District No. 530's basic financial statements for the year ended June 30, 2013, which are not presented with the accompanying financial statements and we expressed an unmodified opinion on the respective financial statements of the business-type activities and the discretely presented component unit. That audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise John A. Logan College's basic financial statements as a whole. The 2013 financial information, as listed in the table of contents, is presented for purposes of additional analysis and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the 2013 basic financial statements. The information has been subjected to the auditing procedures applied in the audit of those basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the 2013 financial information, as listed in the table of contents, is fairly stated in all material respects in relation to the basic financial statements from which they have been derived.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 15, 2014, on our consideration of John A. Logan Community College District No. 530's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the College's internal control over financial reporting and compliance.

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

Board of Trustees
John A. Logan College
Community College District No. 530
Carterville, Illinois 62918

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities and the discretely presented component unit of John A. Logan Community College District No. 530 as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise John A. Logan Community College District No. 530's basic financial statements, and have issued our report thereon dated December 15, 2014. The financial statements of the John A. Logan College Foundation were not audited in accordance with *Government Auditing Standards*, and accordingly, this report does not include reporting on internal control over financial reporting or instances of reportable noncompliance associated with the John A. Logan College Foundation.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered John A. Logan Community College District No. 530's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of John A. Logan Community College District No. 530's internal control. Accordingly, we do not express an opinion on the effectiveness of John A. Logan Community College District No. 530's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether John A. Logan Community College District No. 530's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We also noted certain matters that we reported to management of the College, in a separate letter dated December 15, 2014.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

MANAGEMENT'S DISCUSSION AND ANALYSIS

**JOHN A. LOGAN COLLEGE
COMMUNITY COLLEGE DISTRICT #530
CARTERVILLE, ILLINOIS**

**MANAGEMENT'S DISCUSSION AND ANALYSIS
JUNE 30, 2014**

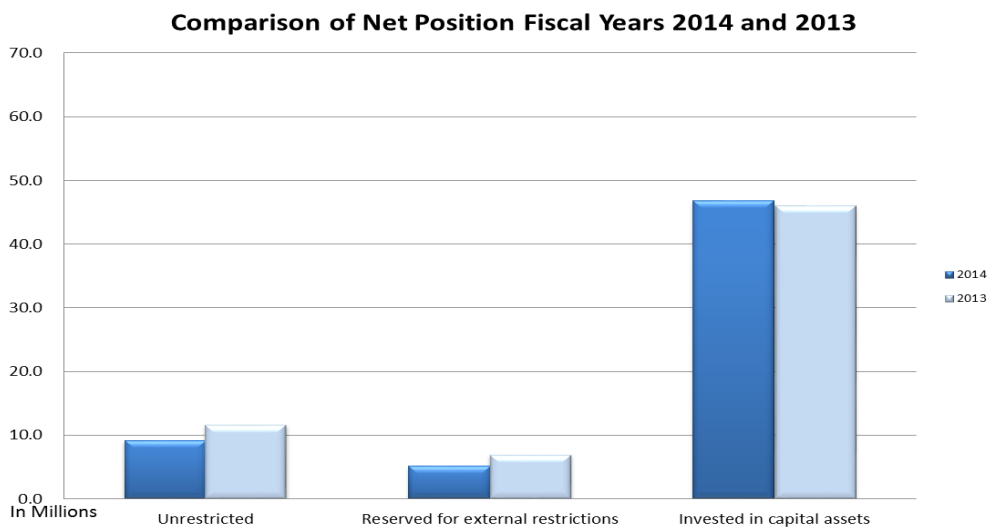

This section of John A. Logan College's Annual Financial Report presents management's discussion and analysis of the College's financial activity during the fiscal years ended June 30, 2014, and June 30, 2013. Since this management's discussion and analysis is designed to focus on current activities, resulting change, and currently known facts, please read it in conjunction with the College's basic financial statements (pages 7-9), and the notes to financial statements (pages 10-30). Responsibility for the completeness and fairness of this information rests with the College.

Using This Annual Report

The basic financial statements focus on the College as a whole. These basic statements (see pages 7-9) are designed to emulate corporate presentation models whereby all College activities are consolidated into one total. The focus of the Statement of Net Position is designed to be similar to bottom line results for the College. This statement combines and consolidates current financial resources (short-term spendable resources) with capital assets. The Statement of Revenues, Expenses, and Changes in Net Position focuses on both the gross costs and the net costs of College activities which are supported mainly by property taxes and by state and other revenues. This approach is intended to summarize and simplify the user's analysis of costs of various College services to students and the public.

For detailed information pertaining to the Foundation (the College's discretely presented component unit), refer to Note 11 Discretely Presented Component Unit beginning on page 23 and the separately issued Foundation financial statements for the year ended June 30, 2014.

**MANAGEMENT'S DISCUSSION AND ANALYSIS (CONTINUED)
JUNE 30, 2014**

As of June 30, 2014, the College's net position decreased to \$61.1 million from \$64.8 million at June 30, 2013. While total revenues increased \$0.7 million largely due to an increase in tuition and fee revenue and federal grants and contracts, expenditures also increased by \$4.9 million predominately due to expenditures related to the implementation of the new ERP system and the adjustment to repay ICCB revenue. These figures are excluding the SURS on-behalf figures.

Total net assets	<u>\$ 61.1</u>	<u>\$ 64.8</u>	<u>\$ (3.7)</u>	(5.7)

This schedule is prepared from the College's statement of net position (page 7) which is presented on an accrual basis of accounting whereby assets are capitalized and depreciated. Total deferred inflows and outflows are new for 2014 due to GASB 65 reporting.

Current assets decreased \$0.8 million primarily due to a lower balance in cash and cash equivalents that was a result of an increase in operating expenses. Total allocations for credit hour grants and equalization payments were not received from the state as of June 30, 2014. Non-current assets decreased by \$3.1 million due to increased expenses related to the new ERP system and to the completion of several construction projects.

Current liabilities decreased \$4.0 million. This is primarily due to deferred tuition and fees of \$3.3 million and the deferred revenue attributed to the JALC/SIH joint project of \$0.5 million being reported as a deferred inflow in 2014. Non-current liabilities remained the same after current year payments due to the ICCB reimbursement liability of \$1.3 million.

Comparison of Operating Expenses Fiscal Years 2014 and 2013

Operating expenses at June 30, 2014 increased by \$4.3 million over the same period in fiscal year 2013. There was a \$0.7 million increase in payments made by the State of Illinois, on behalf of the College, into the State Universities Retirement System (SURS). Net of the SURS on behalf payments, operating expenses increased by \$3.6 million – largely due to an increase in Institutional Support for expenses related to the new ERP system.

**NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2014**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

John A. Logan Community College District No. 530 (the College) is organized under the Illinois Public Community College Act with partial funding by the Illinois Community College Board. The College encompasses parts of five counties in Southern Illinois. The accounting policies of the College conform to accounting principles generally accepted in the United States of America applicable to colleges and universities as well as those prescribed by the Illinois Community College Board (ICCB). The College reports are based on all applicable Government Accounting Standards Board (GASB) pronouncements as well as applicable Financial Accounting Standards Board (FASB) Statements and Interpretations, Accounting Principles Board Opinions, and Accounting Review Boards of Committee on Accounting Procedures issued on or before November 30, 1989, unless those pronouncements conflict with or contradict GASB pronouncements. When applicable, certain prior year amounts have been reclassified to conform to current year presentation. The fund information presented as supplementary information is presented in accordance with the governmental financial reporting model in effect before the adoption of GASB 35, Basic Financial Statements – and Management’s Discussion and Analysis – for Public Colleges and Universities.

A. Reporting Entity

The accompanying financial statements include all entities for which the Board of Trustees of the College has financial accountability.

In defining the financial reporting entity, the College has considered whether there are any potential component units. The decision to include a potential component unit in the reporting entity was made by applying the criteria set forth by GASB Statement No. 14, “The Financial Reporting Entity,” as amended by GASB Statement No. 39, “Determining Whether Certain Organizations are Component Units” and GASB Statement No. 61, “Financial Reporting Entity.” The primary criterion for including a potential component unit within the reporting entity is the financial accountability that the elected officials of the primary government have for the component unit as well as the presence of a financial benefit or burden relationship between the primary government and the component unit.

The criteria used in assessing financial accountability consist of (1) the primary government is financially accountable if it appoints a voting majority of the organization’s governing body and (a) it is able to impose its will on that organization or (b) there is a potential for the organization to provide specific financial benefits or impose specific financial burdens on the primary government; and (2) the primary government may be financially accountable if the organization is fiscally dependent. Fiscal dependency is determined if a component unit possesses one or more of the following characteristics: (1) it is unable to determine its budget without having the primary government approve or modify the budget; (2) it is unable to levy taxes or set rates or charges without approval by the primary government; or (3) it is unable to issue debt without approval of the primary government.

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2014**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

A. Reporting Entity (Concluded)

A financial benefit or burden relationship exists between the primary government and the component unit if any one of the following conditions exist: (1) the primary government is legally entitled to or can otherwise access the organization's resources; (2) the primary government is legally obligated or has otherwise assumed the obligation to finance the deficits of, or provide financial support to, the organization; or (3) the primary government is obligated in some manner for the debt of the organization.

Where no financial accountability exists, a legally separate, tax-exempt organization is reported as a component unit if all three of the following criteria are met: (1) the economic resources received or held by the organization are for the direct benefit of the primary government or its constituents; (2) the primary government is entitled to or has the ability to otherwise access a majority of the organization's economic resources; and (3) the economic resources received or held by the organization are significant to the primary government.

Using these criteria, the John A. Logan College Foundation (the Foundation) has been determined to be a legally separate, tax-exempt component unit of the College. The Foundation was organized and operates exclusively for educational and charitable purposes designed to promote the welfare of the College. The thirty-two member board of the Foundation consists of graduates and friends of the College. Although the College does not control the timing or amount of receipts from the Foundation, the majority of resources, or income thereof, which the Foundation holds and invests, are restricted to the activities of the College by the donors. Because these restricted resources held by the Foundation can only be used by or for the benefit of the College, the Foundation is considered a component unit of the College and is discretely presented in the College's financial statements. Complete financial statements for the Foundation can be obtained from the Foundation office.

B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

For financial reporting purposes, the College is considered a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the economic resources measurement focus and the accrual basis of accounting. Under the accrual basis, revenues are recognized when earned, and expenses are recorded when an obligation has been incurred. All significant intra-agency transactions have been eliminated.

Non-exchange transactions, in which the College receives value without directly giving equal value in return, include property taxes; federal, state, and local grants; state appropriations; and other contributions. On an accrual basis, revenue from property taxes is recognized in the period for which the levy is intended to finance. Revenue from grants, state appropriations, and other contributions is recognized in the year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the

fiscal year when the use is first permitted, matching requirements, in which the College must provide local resources to be used for a specified purpose, and, expenditure requirements, in which the resources are provided to the College on a reimbursement basis.

C. Classification of Revenues and Expenses

Operating revenue includes activities that have the characteristics of exchange transactions such as (1) student tuition and fees and (2) sales and services of auxiliary enterprises, net of scholarship discounts and allowances. Non-operating revenue includes activities that have the characteristics of non-exchange transactions, such as (1) local property taxes, (2) state appropriations, (3) most federal, state, and local grants and contracts and federal appropriations, and (4) gifts and contributions. Operating expenses are those expenses directly attributable to the operations of the College. Incidental expenses are classified as non-operating expenses.

D. Cash and Cash Equivalents

Cash includes deposits held at banks and small amounts of cash held for change funds. Cash equivalents include deposits held in the Illinois Funds Money Market Fund as well as the Illinois School District Liquid Asset Fund Plus due to their liquidity and/or short-term nature.

The College's investment policy allows for cash deposits to be invested in accordance to those securities allowed for by statute. Chapter 122, Section 103.47 of the Illinois Public Community College Act and Chapter 85, Sections 901-907 of the Investment of the Public Funds Act allow current operating funds, special funds, interest and sinking funds, and other funds belonging to or in the custody of a community college, including restricted and non-restricted funds, to be invested in U.S. Treasury and U.S. Agencies, repurchase agreements, certificates of deposit, and the Illinois Treasurers' Investment Pool.

The College's policy reduces the risk related to cash deposits through requiring deposits in excess of the federally insured amount to be appropriately collateralized to the extent of 110% and such collateralization shall be evidenced by an approved written agreement.

E. Governmental Claims Receivable

This receivable is made up of amounts due from various state and federal granting agencies. These amounts are considered to be 100% collectible.

F. Inventories

Inventories are stated at the lower of cost (first in, first out method) or market.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

G. Capital Assets

Capital assets include property, equipment, and infrastructure assets, such as roads and sidewalks. Capital assets are defined by the College as assets with an initial cost of \$2,500 or more and an estimated useful life in excess of 1 year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation. The costs of normal maintenance and repairs that do not add to the value of an asset or materially extend the asset's life are not capitalized. Major outlays for capital assets and improvements are capitalized as projects are constructed.

Depreciation is computed by the straight-line method over the estimated useful lives as follows:

Site Improvements	10 Years
Buildings and Improvements	50 Years
Equipment	8 Years

H. Deferred Inflows

Unearned tuition and student fees and SIH agreement proceeds which were either collected or recorded in the current fiscal year but are applicable to periods occurring after year end give rise to deferred inflows.

I. Amortization of Debt Issuance Premiums/Discounts

The College amortizes debt issuance premiums and discounts by the effective interest method over the period the related debt issue is outstanding. The debt premium/discount is amortized by using the same interest rate as the related debt issue and the current period amortization is shown as a decrease (for a premium) or increase (for a discount) to current period interest expense.

J. Net Position

The College's net position is classified as follows:

Net Investment in Capital Assets – This represents the College's total investment in capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.

**JOHN A. LOGAN COLLEGE
COMMUNITY COLLEGE DISTRICT NO. 530
CARTERVILLE, ILLINOIS**

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2014**

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

J. Net Position (Concluded)

Restricted - Expendable – This represents assets/resources that are legally or contractually obligated to be spent in accordance with restrictions imposed by external third parties, reduced by liabilities and deferred inflow resources related to those assets. Sources of restricted revenue included federal, state, and private grants and contracts. Externally restricted funds may be utilized only in accordance with the purpose established by the source of such funds and are in contrast with unrestricted funds over which the Board of Trustees retains full control to use in achieving any of its institutional purposes. When both restricted and unrestricted resources are available for use, it is the College’s policy to use restricted resources first, then unrestricted resources when they are needed.

Unrestricted – This represents unrestricted assets/resources derived from student tuition and fees, state appropriations, and sales and services of educational departments and auxiliary enterprises. These resources are used for transactions relating to the educational and general operations of the College and may be used at the discretion of the Board of Trustees to meet current expenses for any lawful purpose.

K. Budgets

Although the College adopts an expanded operational budget, the budget legally required by the Illinois Community College Board contains only a statement of cash on hand at the beginning of the fiscal year, an estimate of the cash expected to be received during such fiscal year from all sources, an estimate of the expenditures contemplated for such fiscal year, and a statement of the estimated cash expected to be on hand at the end of such year.

L. Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the use of management’s estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Accordingly, actual results may differ from those estimates.

M. Insurance Coverage

The College is exposed to various risks of loss including, but not limited to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. To limit exposure to these risks, the College has obtained coverage from commercial insurance companies for all major programs: property, liability, and workmen’s compensation. Expenditures and claims are recognized in the year in which they are notified of the loss. During the current fiscal year, there were no significant reductions in insurance coverage. Also, there have been no settlements which have exceeded insurance coverage during the past three fiscal years.

N. Subsequent Events

The College has evaluated subsequent events through December 15, 2014, the date which the financial statements were available to be issued.

NOTE 2: CASH AND CASH EQUIVALENTS

At June 30, 2014, the carrying amount and bank balance of the College's deposits, which does not include cash on hand and petty cash of \$1,110 is as follows:

<u>Institution</u>	<u>Carrying Amount</u>	<u>Bank Balance</u>
Cash Deposits:		
DuQuoin State Bank	\$ 6,362,420	\$ 6,796,890
Old National Bank	140,263	125,320
Investments:		
Illinois Funds Money Market Fund	2,427,463	2,426,219
Illinois School District Liquid Asset Fund Plus (ISDLAF)	<u>7,926,454</u>	<u>7,926,453</u>
Total Cash and Cash Equivalents	<u>\$ 16,856,600</u>	<u>\$ 17,274,882</u>

Custodial Credit Risk

Custodial credit risk is the risk that in the event of a bank failure, the College's deposits may not be returned. To guard against custodial credit risk for deposits with financial institutions, the College's investment policy requires that deposits with financial institutions in excess of FDIC limits be secured by some form of collateral with a written agreement and held at an independent, third-party institution, in the name of the College. As of June 30, 2014, \$375,320 of the College's deposits were insured by the Federal Deposit Insurance Corporation (FDIC). The remaining \$6,546,890 was collateralized by securities pledged by the College's financial institutions but not directly held in the College's name.

Interest Rate Risk

Interest rate risk is the risk that the fair value of investments will decrease as a result of an increase in interest rates. The College's investment policy does not limit the maturities of investments as a means of managing its exposure to fair value losses arising from increasing interest rates.

The Illinois Funds Money Market Fund, created by the Illinois General Assembly, provides custodians of public funds with an alternative investment vehicle which enable them to earn a competitive rate of return on fully collateralized investments, while maintaining immediate access to invested funds. The investment policy of the Illinois Funds Money Market Fund states that, unless authorized specifically by the Treasurer, a minimum of 75% of its investments shall have less than one year maturity and no investment shall exceed two years maturity. Given the liquidity and the overall nature of this Fund, the carrying value approximated fair value.

**JOHN A. LOGAN COLLEGE
COMMUNITY COLLEGE DISTRICT NO. 530
CARTERVILLE, ILLINOIS**

**NOTES TO FINANCIAL STATEMENTS (CONTINUED)
JUNE 30, 2014**

NOTE 2: CASH AND CASH EQUIVALENTS (CONCLUDED)

Interest Rate Risk (Concluded)

The ISDLAF is an investment trust formed pursuant to the Illinois Municipal Code and managed by a Board of Trustees elected from the participating members. The ISDLAD Plus is not registered with the SEC as an investment company. Investments in the ISDLAF are valued at share prices, which is the price the investment could be sold for. Given the liquidity and the overall nature of this Fund, the carrying value approximated fair value.

Credit Risk

Credit risk is the risk that the College will not recover its investments due to the ability of the counterparty to fulfill its obligation. Illinois statutes authorize the College to invest in obligations of the US Treasury and US Agencies, interest-bearing savings accounts, interest-bearing time deposits, money market mutual funds registered under the Investment Company Act of 1940 (limited to US Government obligations), shares issued savings and loan associations (provided the investments are insured by the FSLIC, short term discount obligations issued by the FNMA), share accounts of certain credit unions, investments in the Illinois School District Liquid Asset Fund, and certain repurchase agreements.

The College is also authorized to invest in short-term obligations of corporations organized in the United States with assets exceeding \$500,000 if such obligations are rated at the time of purchase within the three highest classifications established by two or more standard rating services, the obligations mature within 180 days, no more than 1/3 of the total average balances from all funds available at the end of each month is invested in such obligations at any time, and such purchases do not exceed 10% of a corporation's outstanding obligations. Investments may be made only in banks, which are insured by the FDIC.

The College's investment policy does not further limit its investment choices. The College's investments in the Illinois Funds Money Market Fund and the ISDLAF Plus were rated AAAM by Standard and Poor's.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of investment in any one single issuer. The College's investment policy limits the amount the College may invest in any one issuer to 75% of the College's total invested funds. The College is considered to have a concentration of credit risk of its investments if any one single issue is greater than 5% of the total fixed income investments. At June 30, 2014, the College did not have a concentration of credit risk.

NOTE 5: ICCB REIMBURSEMENT

During the year ended June 30, 2014, the Illinois Community College Board (ICCB) conducted a recognition evaluation of the College. These evaluations are performed by the ICCB on a five-year cycle to ensure that colleges are in compliance with specific standards as established by the ICCB. All community colleges must be officially recognized to be eligible for State funding.

As part of this evaluation, the ICCB determined that the College did not have adequate controls in place for determining the "active and successful" pursuit of course completion for five of its courses. This resulted in an overstatement of 38,044 credit hours and an overpayment of \$1,308,395 to the College by the ICCB through its Equalization and Base Operating Grants from July 1, 2011 through June 30, 2014. This amount has been recorded as a liability in the Statement of Net Position and as an expense in the Statement of Revenues, Expenses, and Changes in Net Position. The College is expecting to receive an additional overpayment of \$346,574 during fiscal year 2015 for a total overpayment of \$1,654,969. This additional amount will be recorded as a liability and corresponding expense in the fiscal year 2015 financial statements.

The College is required to reimburse the ICCB for these overpayments through the reduction of funds to be received from its Equalization and Base Operating Grants for fiscal years 2016 through 2020 as follows:

<u>Fiscal Year</u>	<u>Equalization</u>	<u>Base Operating</u>	<u>Total</u>
2016	\$ 178,568	\$ 80,058	\$ 258,626
2017	202,084	164,521	366,605

NOTE 6: PROPERTY TAXES

The College's property taxes are levied each calendar year on all taxable property located in the College's District. Property taxes are recorded on an accrual basis of accounting. Pursuant to Board of Trustee's resolution, property tax levies passed in November 2012 and November 2013 were allocated fifty percent for each of the two years after the levy year. Taxes must be levied by the last Tuesday in December for the following collection year. The levy becomes an enforceable lien against the property as of January 1 of the levy year. Collection dates vary according to the schedules of the individual counties with disbursements to the College normally made within thirty days of collection.

Public Act 89-1 placed limitations on the annual growth of most local governments' property tax collections. Currently the limitation is the lesser of 5 percent or the rate of inflation, measured by the Consumer Price Index. The following are the statutory maximum tax rates permitted and the actual rates levied per \$100 of assessed valuation:

	Maximum Rate	Actual Rate	
		2013 Levy Payable 2014	2012 Levy Payable 2013

NOTE 7: RETIREMENT COMMITMENTS

Plan Description - The College contributes to the State Universities Retirement System of Illinois (SURS), a cost-sharing multiple-employer defined benefit pension plan with a special funding situation whereby the State of Illinois makes substantially all actuarially determined required contributions on behalf of the participating employers. SURS was established July 21, 1941 to provide retirement annuities and other benefits for staff members and employees of the state universities, certain affiliated organizations, and certain other state educational and scientific agencies and for survivors, dependents, and other beneficiaries of such employees. SURS is considered a component unit of the State of Illinois' financial reporting entity and is included in the State's financial reports as a pension trust fund. SURS is governed by Section 5/15, Chapter 40, of the *Illinois Compiled Statutes*. SURS issues a publicly available financial report that includes financial statements and required supplementary information. That report may be obtained by accessing the website at www.SURS.org, or calling 1-800-275-7877.

NOTE 7: RETIREMENT COMMITMENTS (CONCLUDED)

Funding Policy - Plan members are required to contribute 8.0% of their annual covered salary and substantially all employer contributions are made by the State of Illinois on behalf of the individual employers at an actuarially determined rate. The current rate (for FY2015) is 35.80% of annual covered payroll. The contribution requirements of plan members and employers are established and may be amended by the Illinois General Assembly. The employer contributions to SURS directly appropriated by the State for the years ending June 30, 2014, 2013, and 2012 were \$8,204,538, \$7,545,591, and \$5,432,936 respectively, equal to the required contributions for each year. In accordance with GASB 24, *Accounting and Financial Reporting for Certain Grants and Other Financial Assistance*, the College has recorded in revenues and expenditures of the operating fund an equal and offsetting amount which reflects the payments made by SURS on behalf of the College's employees.

In addition, the community college health insurance program contributions to SURS on behalf of College employees made by the State of Illinois for the year ended June 30, 2014 were \$107,151. The College has recognized revenue and expense for the total of these amounts in the financial statements.

When College employees are paid from special trust or federal funds which are administered by the College, the College must pay to SURS the retirement costs normally paid by the State. The College paid \$187,488, \$187,284, and \$218,377 to SURS for the years ending June 30, 2014, 2013, and 2012, respectively.

NOTE 8: POSTEMPLOYMENT BENEFITS

Retirees' Health Insurance Reimbursement – In addition to the pension benefits described in Note 6, the College provides a subsidy to eligible retirees to bring their cost of health insurance to current active employee levels. To be eligible for the health care benefit, the retired employee must retire from active full-time employment and have been employed full-time for 10 years or more. At the death of a retired employee, coverage will be extended to the spouse if previously covered. Retirees from the College will qualify for health insurance coverage under the College Insurance Program (Plan) offered through the State office of Central Management Services. Qualifying individuals receive reimbursement of varying amounts from the College in order to keep retirees' net contributions equal to the contribution of a current active employee with similar coverage. The College finances the Plan on a pay-as-you go basis.

For the year ended June 30, 2014, the annual other post retirement benefits cost under this plan is \$418,640 of which the College actually paid \$349,326. This results in an actuarially determined net other post-retirement benefit obligation liability of \$3,597,759 as of June 30, 2014. As of June 30, 2014, the College has not established a trust fund for the funding of the Plan's post-retirement benefit obligation, resulting in the classification of the entire liability as unfunded.

NOTE 8: POSTEMPLOYMENT BENEFITS (CONCLUDED)

The actuarial valuation of the Plan was performed as of July 1, 2014. This valuation was completed based upon the use of the Project Unit Credit actuarial cost method with a 30-year amortization of the unfunded actuarial accrued liability. The results were also based on a discount rate of 4.0%, reimbursements to retirees, and a health care cost trend rate beginning at 9% for pre-65 trend and 7% for post-65 trend in 2014 and scaling down to an ultimate rate of 5.00%. Fifty percent participation is assumed for all active employees and sixty percent of the active employees are assumed married.

The Schedule of Funding Progress, presented as required supplementary information, represents trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

NOTE 9: SOUTHERN ILLINOIS HOSPITAL SERVICES EDUCATIONAL AGREEMENT

On November 30, 2011, the College entered into an educational partnership agreement with Southern Illinois Hospital Services (SIHS) with the goal of improving the health outcome and health status of the region. As part of that agreement, SIHS agreed to finish "Area 2" of the College's Communication Wing (approximately 6,000 square feet) to use for SIHS' educational purposes at a cost of \$716,665 to SIHS for the rights to reside within the space for a period of at least 10 years. After the 10 year period, SIHS would then have the ability to renew the agreement if it is within their best interest to do so. As a result, the \$716,665 is being recognized as revenue over the ten-year period. During the year ended June 30, 2014, the College recognized \$71,667 as revenue with the remaining \$531,526 recorded as a deferred inflow of resources.

NOTE 10: CONTINGENT LIABILITIES AND COMMITMENTS

Federal and State Grants

The College has received a number of Federal and State grants from specific purposes which are subject to review and audit by grantor agencies. Such audits may result in requests for reimbursement to granting agencies for expenditures disallowed under the terms of the grants. Based on prior experience, College management believes that such disallowances, if any, will not be material.

Vacation and Personal Leave

As of June 30, 2014, employees had earned but not taken annual vacation and personal leave, which at salary rates in effect at the end of the year, totaled approximately \$1,223,327 and \$386,710, respectively. The College has accrued this liability.

NOTE 10: CONTINGENT LIABILITIES AND COMMITMENTS (CONCLUDED)

Construction in Progress

At June 30, 2014, the College had construction project commitments totaling \$927,438. Of these costs, \$846,723 is for completion of the current Protection Health Safety projects and expected costs of approved Protection Health Safety projects. Another \$55,534 and \$25,181 are for renovation projects related to the Administration Building and IT Center, respectively.

Copier Leases

Effective November 2011, the College entered into a lease agreement with University Lease covering all copiers on campus. The lease is for five years at \$5,792 per month for equipment rental and maintenance. The agreement allows for changes in equipment during this period should the College's needs change. Lease expense for the year ended June 30, 2014 was \$69,506.

The following is a summary of the College's copier lease future minimum rent payments through the end of the remaining period of the lease:

NOTE 11: DISCRETELY PRESENTED COMPONENT UNIT (CONTINUED)

A. Summary of Significant Accounting Policies (Continued)

Investments

The Foundation carries investments in marketable securities including common stock and mutual funds with readily determinable fair values and all investments in debt securities, including corporate, US government and agency at their fair values in its Statement of Financial Position. Unrealized gains and losses are included in the change in net assets in the Foundation's Statement of Activities.

Promises to Give

Unconditional promises to give are recognized as revenues or gains in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give are recognized only when the conditions on which they depend are substantially met and the promises become unconditional.

Donated Assets

Donated marketable securities and other noncash donations are recorded as contributions at their fair values at the date of donation. Donations of property and equipment are recorded as contributions at fair value at the date of donation. Such donations are reported as increases in unrestricted net assets unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted contributions. Absent donor stipulations regarding how long those donated assets must be maintained, the Organization reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. The Organization reclassifies temporarily restricted net assets to unrestricted net assets at that time.

John A. Logan College provides office space, accounting and record-keeping services, and the necessary administrative services to the Foundation at no charge. The rental value of the office space is recorded at fair rental value equivalent to similar facility space. Other amounts have been recorded based on the actual cost to the College for the services.

Endowment Funds

FASB ASC 958-205-05-05-8, "Reporting Endowment Funds" provides guidance on the net asset classification of donor-restricted endowment funds for a nonprofit organization that is subject to an enacted version of the Uniform Prudent Management of Institutional Funds Act of 2006 (UPMIFA). ASC 958-205-05-05-8 also requires additional disclosures about an organization's endowment funds (both donor-restricted endowment funds and board-designated endowment funds) whether or not the organization is subject to UPMIFA.

Restricted and Unrestricted Revenue

Contributions that are restricted by the donor are reported as increases in unrestricted net assets if the restrictions expire (that is, when a stipulated time restriction ends or purpose restriction is accomplished) in the reporting period in which the revenue is recognized. All other donor-restricted contributions are reported as increases in temporarily or permanently restricted net assets, depending on the nature of the restrictions. When a restriction expires, temporarily restricted net assets are reclassified to unrestricted net assets and reported in the Foundation's Statement of Activities as net assets released from restrictions.

Income Taxes

The Foundation has been granted exempt status under Code Section 501 (c)(3); of the Internal Revenue Code, therefore, no provision for federal income tax has been made in the accompanying financial statements. It has been classified as an organization that is not a private foundation under Section 509 (a)(2), but it falls under Section 170 (b)(1)(A)(vi) of the Internal Revenue Code and qualifies for the fifty percent (50%) charitable contributions deduction for individual donors.

C. Unconditional Promises to Give

The Foundation has two promises to give. Both were made for the purpose of establishing endowed scholarship funds. These two promises to give are permanently restricted for scholarships to be awarded to deserving students who meet certain criteria established by the donors.

The first promise to give as of June 30, 2014 is unconditional. \$5,000 is due during fiscal year 2015 and \$6,966 is due over fiscal years 2016 – 2017. Promises to give to be received after fiscal year 2015 are to be reported at their fair value, discounted at 0.72%; however, as the face value of the promise to give is not materially different than its face value, the promise to give has been recorded at its face value of \$11,966. This unconditional promise is expected to be fully collectible.

The Foundation's second promise to give was received during the year ended June 30, 2011. The promise to give as of June 30, 2014 is unconditional. \$10,000 is due during fiscal year 2015 and \$5,000 is due over fiscal year 2016. Promises to give to be received after fiscal year 2015 are to be reported at their fair value, discounted at 1.76%; however, as the face value of the promise to give is not materially different than its face value, the promise to give has been recorded at its face value of \$15,000. This unconditional promise is expected to be fully collectible.

D. Donated Goods and Services

The rental value of the Organization's office at John A. Logan College for the year was \$12,000, which has been allocated \$4,140 to scholarships, \$4,490 to fundraising, and \$3,370 to management and general. The same amount has been included in contribution revenue for the period.

During the year ended June 30, 2014, \$256,947 in contributed services has been recorded as expenses as follows: \$76,774 to scholarships, \$83,283 to fundraising, and \$96,890 to management and general. In addition, \$13,597 in contributed supplies was recorded as expenses as follows: \$4,690 to scholarships, \$5,088 to fundraising, and \$3,819 to management and general. The total amount of \$270,544 is included in contribution revenue for the period.

E. Donor-Designated Endowment Funds

The Organization's endowment consists of funds established for a variety of purposes. Its endowment includes both donor-restricted funds and funds designated by the Board of Directors to function as endowments. As required by generally accepted accounting principles, net assets associated with endowment funds, including funds designated by the Board of Directors to function as endowments, are classified and reported based on the existence or absence of donor-imposed restrictions.

The Board of Directors of the Organization, through obtaining a legal opinion and committee review, has interpreted the State Prudent Management of Institutional Funds Act (SPMIFA) as requiring the preservation of the fair value of the original gift as of the gift date of the donor-restricted endowment funds absent explicit donor stipulations to the contrary. As a result of this interpretation, the Organization classifies as permanently restricted net assets (a) the original value of gifts donated to the permanent endowment, (b) the original value of subsequent gifts to the permanent endowment, and (c) accumulations to the permanent endowment made in accordance with the direction of the applicable donor gift instrument at the time the accumulation is added to the fund. The remaining portion of the donor-restricted endowment fund that is not classified in permanently restricted net assets is classified as temporarily restricted net assets until those amounts are appropriated for expenditure by the Organization in a manner consistent with the standard of prudence prescribed by SPMIFA. In accordance with SPMIFA, the Organization considers the following factors in making a determination to appropriate or accumulate donor-restricted endowment funds: (1) the duration and preservation of the various funds, (2) the purposes of the donor-restricted endowment funds, (3) general economic conditions, (4) the possible effect of inflation and deflation, (5) the expected total return from income and the appreciation of investments, (6) other resources of the Organization, and (7) the Organization's investment policies.

NOTE 11: DISCRETELY PRESENTED COMPONENT UNIT (CONTINUED)

E. Donor-Designated Endowment Funds (Continued)

Spending Policy. The Organization has a policy of appropriating for distribution each year 5% of its endowment fund's average fair value of the prior 12 quarters through the calendar year-end preceding the fiscal year in which the distribution is planned. In establishing this policy, the Organization considered the long-term expected return on its investment assets, the nature and duration of the individual endowment funds, many of which must be maintained in perpetuity because of donor-restrictions, and the possible effects of inflation. The Organization expects the current spending policy to allow its endowment funds to grow at a nominal average rate of 4% annually. This is consistent with the Organization's objective to maintain the purchasing power of the endowment assets as well as to provide additional real growth through new gifts and investment return.

Investment Return Objectives, Risk Parameters and Strategies. The Organization has adopted investment and spending policies, approved by the Board of Directors, for endowment assets that attempt to provide a predictable stream of funding to programs supported by its endowment funds while also maintaining the purchasing power of those endowment assets over the long-term. Accordingly, the investment process seeks to achieve an after-cost total real rate of return, including investment income as well as capital appreciation, which exceeds the annual distribution with acceptable levels of risk. Endowment assets are invested in a well diversified asset mix, which includes equity and debt securities, that is intended to result in a consistent inflation-protected rate of return that has sufficient liquidity to make an annual distribution of 5%, while growing the funds if possible. Therefore, the Organization expects its endowment assets, over time, to produce an average rate of return of approximately 8% annually. Actual returns in any given year may vary from this amount. Investment risk is measured in terms of the total endowment fund; investment assets and allocation between asset classes and strategies are managed to not expose the fund to unacceptable levels of risk.

Endowment Net Asset Composition by Type of Fund as of June 30, 2014 is as follows:

	<u>Unrestricted</u>	<u>Temporarily Restricted</u>	<u>Permanently Restricted</u>	<u>Total Net Endowment Assets</u>
Donor-restricted endowment funds	\$ -	\$ 717,144	\$ 3,452,086	\$ 4,169,230

F. Commitments

Premises Lease

Effective July 8, 2003 the Foundation entered into a 12 month lease agreement with Marion Crossing, LLC for the Literacy Center building located at 1120 N. Carbon Street, Marion, Illinois. This lease is renewed on a yearly basis. The Foundation paid a net amount of \$8,949 for the year ended June 30, 2014.

G. Relationship to John A. Logan College and Related Transactions

As part of the Foundation efforts, donations are accepted for the purchase of equipment to be used at the College. The College makes the initial purchase and submits invoices to the Foundation for reimbursement. The amounts reimbursed to the College are expensed as title to the assets remains with the College.

The Foundation also supports the College by paying the lease payments for the Literacy Center in Marion. Total payments made on behalf of the College during the fiscal year were \$8,949.

H. Concentrations

Concentrations of Credit Risk Arising from Cash Deposits in Excess of Insured Limits

The Organization maintains cash and certificate of deposit balances at three different financial institutions. Accounts at each institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. At June 30, 2014, the Organization had certificates of deposit totaling \$131,212 in excess of FDIC insurance that had not been collateralized by securities pledged by the Organization's financial institutions on behalf of the Organization.

I. Fair Values of Financial Instruments

The following methods and assumptions were used by the Foundation in estimating fair value disclosures for its financial instruments:

Cash in Bank - The carrying amounts on the Foundation's Statement of Financial Position for cash in bank approximate those assets' fair values.

Investments - Fair values of assets measured on a recurring basis at June 30, 2014 are as follows:

	Fair Value	Fair Value Measurements at Reporting Date Using		
		Quoted Prices in Active Markets for Identical Assets (Level 1)	Significant Other Observable Inputs (Level 2)	Significant Unobservable Inputs (Level 3)
Investments				
Certificates of Deposit	\$ 630,125	\$ -	\$ 630,125	\$ -
Common Stock	2,363,683	2,363,683	-	-
Mutual Funds	2,157,569	2,157,569	-	-
US Government & Agency Obligations	166,665	166,665	-	-
Corporate Bonds	642,397	642,397	-	-
Real Estate Investments	184,012	184,012	-	-
	<u>\$ 6,144,451</u>	<u>\$ 5,514,326</u>	<u>\$ 630,125</u>	<u>\$ -</u>

Fair values for investments are determined by reference to quoted market prices and other relevant information generated by market transactions (market approach). Fair values for assets in Level 2 are calculated using quoted market prices for similar assets in markets that are not active. The Organization recognizes transfers into and out of levels at the end of the reporting period. There were no transfers between levels in the year ended June 30, 2014.

2014	\$ 418,640	\$ 349,326	83.44%

Notes:

The actuarial valuation of the Plan was performed as of July 1, 2014. This valuation was completed based upon the use of the Project Unit Credit actuarial cost method with a 30-year amortization of the unfunded actuarial accrued liability. The results were also based on a discount rate of 4.0%, reimbursements to retirees, and a health care cost trend rate beginning at 9.0% for pre-65 trend and 7% for post-65 trend in 2014 and scaling down to an ultimate rate of 5.0%. Fifty percent participation is assumed for all active employees with sixty percent of the active employees are assumed married.

Report on the Financial Statements

We have audited the accompanying balance sheets of the Career and Technical Education-Program Improvement and Adult Education and Family Literacy Grants of John A. Logan Community College District No. 530 as of June 30, 2014, and the related statements of revenues, expenditures, and changes in fund balance for the year then ended.

Management's Responsibility for the Financial Statements

These financial statements are the responsibility of the College's management. Management's responsibilities include the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States and the grant policy guidelines of the Illinois Community College Board's *Fiscal Management Manual*. Those standards and guidelines require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. Our audit also included a review of compliance with the provisions of laws, regulations, contracts, and grants between John A. Logan Community College District No. 530 and the State of Illinois and the Illinois Community College Board (ICCB). We believe that our audit provides a reasonable basis for our opinion and John A. Logan Community College District No. 530 is in compliance, in all material respects, with the provisions of laws, contracts, and ICCB policy guidelines for restricted grants.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Career and Technical Education-Program Improvement and Adult Education and Family Literacy Grants of John A. Logan Community College District No. 530 as of June 30, 2014, and the results of their operations for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Other Information

The accompanying balance sheets and statements of revenues, expenditures, and changes in fund balance were prepared for the purpose of complying with the terms of the ICCB Grants and are not intended to be a complete presentation of the College's revenues and expenditures in conformity with accounting principles generally accepted in the United States of America.

NOTE 1: SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. General

The accompanying statements include only those transactions resulting from the Illinois Community College Board (ICCB) Career and Technical Education-Program Improvement and Adult Education and Family Literacy Grant Programs. These transactions have been accounted for in the Restricted Purposes Fund of John A. Logan Community College District No. 530.

B. Basis of Accounting

The statements have been prepared on the modified accrual basis. Expenditures include all accounts payable representing liabilities for goods and services actually received as of June 30, 2014. Funds obligated for goods prior to June 30 for which the goods are received prior to August 31 are recorded as encumbrances. Unexpended funds are reflected as a reduction to fund balance and a liability due to the ICCB by October 15.

C. Accounts Receivable

Accounts receivable is made up of amounts due from the ICCB. These amounts are considered to be 100% collectible.

D. Fixed Assets

Fixed asset purchases are recorded as capital outlay and are not capitalized.

**BACKGROUND INFORMATION ON STATE GRANT ACTIVITY
JUNE 30, 2014**

Unrestricted Grants

Base Operating Grants – General operating funds provided to colleges based upon credit enrollment.

Performance Grants – Grants provided to colleges based on measures for advancing success of students who are academically or financially at risk and focus on increasing college course, certificate, and degree completion.

Equalization Grants – Grants provided to institutions with less than the statewide average local tax dollars available per full-time equivalent student.

Restricted Grants/Special Initiatives

Career and Technical Education-Program Improvement Grants – Grant funding recognizes that keeping career and technical programs current and reflective of the highest quality practices in the workplace is necessary to prepare students to be successful in their chosen careers and to provide employers with the well-trained workforce they require. The grant funds are dedicated to enhancing instruction and academic support activities to strengthen and improve career and technical programs and services.

Restricted Adult Education Grants/State

State Basic – Grant awarded to Adult Education and Family Literacy providers to establish special classes for the instruction of persons of age 21 and over or persons under the age of 21 and not otherwise in attendance in public school for the purpose of providing adults in the community, and other instruction as may be necessary to increase their qualifications for employment or other means of self-support and their ability to meet their responsibilities as citizens including courses of instruction regularly accepted for graduation from elementary or high school and for Americanization and General Education Development Review classes. Included in this grant are funds for support services, such as student transportation and child care facilities or provision.

Public Assistance – Grant awarded to Adult Education and Family Literacy providers to pay for instruction, fees, books, and materials incurred in the program for the students who are identified as recipients of public assistance.

Performance – Grant awarded to Adult Education and Family Literacy providers based on performance outcomes.

OF ENROLLMENT DATA AND OTHER BASES UPON
WHICH CLAIMS ARE FILED**

Board of Trustees
John A. Logan College
Community College District No. 530
Carterville, Illinois 62918

We have audited the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims are Filed of John A. Logan Community College District No. 530 for the year ended June 30, 2014.

Management's Responsibility

The Schedule of Enrollment Data and Other Bases upon Which Claims are Filed is the responsibility of the College's management. Management's responsibility includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of the schedule.

Auditor's Responsibility

Our responsibility is to express an opinion on the schedule based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, the provisions of Office of Management and the guidelines of the Illinois Community College Board's *Fiscal Management Manual*. Those standards and guidelines require that we plan and perform the audit to obtain reasonable assurance about whether the schedules are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the claims in the schedule. The audit also includes such tests of the accounting records and such procedures prescribed by the *Fiscal Management Manual* for verification of student enrollments and other bases upon which claims were filed with the Illinois Community College Board.

Opinion

In our opinion, the accompanying Schedule of Enrollment Data and Other Bases Upon Which Claims are Filed referred to above presents fairly, in all material respects, the student enrollment and other bases on which claims were filed with the Illinois Community College Board and are fairly presented in accordance with the regulations of the Illinois Community College Board.

**DOCUMENTATION OF RESIDENCY VERIFICATION STEPS
JUNE 30, 2014**

In-District Student

Description: A student who has lived in Franklin, Jackson, Perry, Randolph, or Williamson counties for at least 30 days prior to the beginning of the semester.

Residency Code: In-district

Acceptable Documentation: Includes driver's license, voter registration card, or a property tax statement, and the proof must show an in-district address.

If none of the above items are available, the student may establish proof of in-district residency by providing a notarized statement signed by the student and his/her parents stating that the student's residence is within the boundaries of the district. In the event that parents are not appropriate or available as co-signers on a notarized statement, such a statement can be co-signed by a city clerk or the county clerk in the city or county where the student has a permanent address.

Tuition Charge: Current in-district tuition charge

Student Employed Full-Time in the District

Description: An Illinois resident who lives outside the College's district but works at least 35 hours per week at a business or industry located in the district.

Residency Code: Out-of-district

Acceptable Documentation: A signed letter from employer verifying that the student works at least 35 hours in the district.

Tuition Charge: Current in-district tuition charge

Out-of-District Student

Description: A student who has lived outside the district boundaries but within the State of Illinois for at least 30 days prior to the beginning of the semester.

Residency Code: Out-of-district

Acceptable Documentation: Includes driver's license, voter registration card, or property tax statement.

Tuition Charge: Current out-of-district tuition charge

SUPPLEMENTARY INFORMATION

Federal Compliance Section

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE
FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE
REQUIRED BY OMB CIRCULAR A-133**

Board of Trustees
John A. Logan College
Community College District No. 530
Carterville, Illinois 62918

Report on Compliance for Each Major Federal Program

We have audited John A. Logan Community College District No. 530's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of John A. Logan Community College District No. 530's major federal programs for the year ended June 30, 2014. John A. Logan Community College District No. 530's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of John A. Logan Community College District No. 530's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about John A. Logan Community College District No. 530's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of John A. Logan Community College District No. 530's compliance.

Opinion on Each Major Federal Program

In our opinion, John A. Logan Community College District No. 530 complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

Other Matters

The results of our auditing procedures disclosed an instance of noncompliance, which is required to be reported in accordance with OMB Circular A-133 and which is described in the accompanying schedule of findings and questioned costs as item 2014-001. Our opinion on each major federal program is not modified with respect to this matter.

John A. Logan Community College District No. 530's response to the noncompliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. John A. Logan Community College District No. 530's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control Over Compliance

Management of John A. Logan Community College District No. 530 is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered John A. Logan Community College District No. 530's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing our opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of John A. Logan Community College District No. 530's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be a material weakness. However, material weaknesses may exist that have not been identified. We did identify a certain deficiency in internal control over compliance, described in the accompanying schedule of findings and questioned costs as item 2014-001 that we consider to be a significant deficiency.

John A. Logan Community College District No. 530's response to the internal control over compliance finding identified in our audit is described in the accompanying schedule of findings and questioned costs. John A. Logan Community College District No. 530's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133. Accordingly, this report is not suitable for any other purpose.

**NOTES TO THE SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
FOR THE YEAR ENDED JUNE 30, 2014**

NOTE 1: BASIS OF PRESENTATION

A. General

The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U.S. Office of Management and Budget Circular A-133, *Audits of State, Local Governments, and Non-Profit Organizations*, and is not a required part of the financial statements. The schedule presents the current year expenditures for all federal award programs.

B. Basis of Accounting

For financial reporting purposes, John A. Logan Community College District No. 530 is considered a special-purpose government engaged only in business-type activities. Accordingly, the College's financial statements have been presented using the economic resources and measurement focus and the accrual basis of accounting. The College's Schedule of Expenditures of Federal Awards is prepared in conformity with the same basis of accounting.

C. Subrecipients

Of the federal expenditures presented in the schedule, the College provided federal awards to subrecipients as follows:

Program Title: Child Care and Development Block Grant

Federal CFDA #: 93.575

Amount provided to subrecipients: \$86,255

D. Amount of Insurance

None

E. Loans or Loan Guarantees Outstanding

None

F. Non-Cash Awards

The non-cash awards represent childcare subsidies paid by the Illinois Department of Health and Human Services in the amount of \$3,026,111.

**BACKGROUND INFORMATION ON FEDERAL GRANT ACTIVITY
JUNE 30, 2014**

Restricted Adult Education Grants/Federal

Federal Basic – Grant awarded to Adult Education and Family Literacy providers to assist adults in becoming literate and obtain the knowledge and skills necessary for employment and self-sufficiency; to assist adults who are parents in obtaining the educational skills necessary to become full partners in the educational development of their children; and to assist adults in completing a secondary school education.

Restricted Vocational Education Grants to State (Perkins)/Federal

Grant awarded to community colleges as a result of the Carl D. Perkins Vocational and Technical Education Act of 1998 (Perkins III). This grant is intended to help accomplish the new vision of vocational and technical education for the 21st century. The central goals of this new vision are improving student achievement and preparing students for postsecondary education, further learning, and careers. The grant allows community colleges to focus on those programs and student populations they feel will allow for the greatest improvement in overall performance while assuring success for all students in career and technical education programs.

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Finding No. 2014-001: Controls Over Student Financial Assistance Enrollment Reporting

Federal Program Name Student Financial Assistance Program
Project No. P063P130542, P007A131184, P033A131184
CFDA No. 84.063, 84.007, 84.033
Federal Agency U.S. Department of Education

Criteria/Specific Requirement:

Under the Pell grant and loan programs, institutions must complete and return within 30 days the Enrollment Reporting roster file [formerly the Student Status Confirmation Report (SSCR)] placed in their Student Aid Internet Gateway (SAIG) (*OMB No. 1845-0002*) mailboxes sent by ED via NSLDS (*OMB No. 1845-0035*). Once received, the institution must update for changes in student status, report the date the enrollment status was effective, enter the new anticipated completion date, and submit the changes electronically through the batch method or the NSLDS website. These changes include reductions or increases in attendance levels, withdrawals, graduations, or approved leaves-of-absence. Definitions of enrollment status codes are included in the *NSLDS Enrollment Reporting Guide, Appendix C – Enrollment Status Codes*.

Condition:

During the compliance testing of Special Tests and Provisions – Enrollment Reporting requirements, 19 out of 25 students who had withdrawn, either voluntarily or involuntarily (stopped attending all classes at the College but did not officially withdraw), were not reported as withdrawals in the Enrollment Update to the NSLDS. Many of these students were instead shown as a change to half-time or less than half-time status.

Questioned Costs:

None

Context:

N/A

Effect:

Inaccurate information may be included in the Submittal File or Enrollment Update to the NSLDS.

Cause:

Administrative withdrawals (students who have stopped attending a course, but did not officially withdraw) are not being accurately reflected within APECS.

SECTION III – FEDERAL AWARD FINDINGS AND QUESTIONED COSTS

Finding No. 2014-001: Controls Over Student Financial Aid Enrollment Reporting (Concluded)

Recommendation:

We recommend that the College establish procedures to ensure that all administrative withdrawals are being accurately reflected within APECS in a timely manner. Enrollment Reporting status code definitions and effective dates are explained in the *NSLDS Enrollment Reporting Guide, Appendix C – Enrollment Status Codes*. In addition, the Financial Aid Department reviews several pieces of information to determine if a student has withdrawn, either voluntarily or involuntarily, for Title IV return of funds purposes. We recommend that the individual who makes this determination also verify that the student has an administrative withdrawal status within APECS, if necessary. If the administrative withdrawal status is missing, the Admissions department should be contacted for corrections.

Management's Response:

Management agrees with the finding.

SECTION IV – CORRECTIVE ACTION PLAN

Finding No. 2014-001: Controls Over Student Financial Assistance Enrollment Reporting

Condition:

During the compliance testing of Special Tests and Provisions – Enrollment Reporting requirements, 19 out of 25 students who had withdrawn, either voluntarily or involuntarily (stopped attending all classes at the College but did not officially withdraw), were not reported as withdrawals in the Enrollment Update to the NSLDS. Many of these students were instead shown as a change to half-time or less than half-time status.

Plan:

We will establish procedures to ensure that all administrative withdrawals are accurately reflected within APECS in a timely manner. We will review enrollment reporting status code definitions and effective dates as explained in the *NSLDS Enrollment Reporting Guide, Appendix C – Enrollment Status Codes*. The Financial Aid Department representative who makes the Title IV student withdrawal determination will verify that the student has an administrative withdrawal status within APECS, if necessary. If the administrative withdrawal status is missing, the Admissions department will be contacted for corrections.

Anticipated Date of Completion:

June 30, 2015

Name of Contact Person:
