

CRITERION TWO UPDATE
September 16 and 19, 2005

The Criterion Two co-chairs (Donna Glodjo and Kim Dixon) have met with sub-committee chairs (Perry Knop, Edgar Montano, Sheryl Bleyer, and Mike Bitting) individually on September 16 and 19, 2005, and advised them of the timelines set for the accreditation process.

Each sub-committee chair was given a copy of a draft of information gathered to date for Criterion Two. It was stressed that the document is intended to assist the sub-committees in finishing their research, compiling it into examples of evidence, and identifying strengths and weaknesses. They were given a deadline of October 3 to have their findings back to the co-chairs. This will give the co-chairs needed feedback to report in presentations on Faculty and Staff Development Day and allow time to put the document into a second draft to submit to Deb Payne and Mabel by October 20.
