Carterville, Illinois 62918

ASSOCIATE DEGREE NURSING PROGRAM

This packet contains information for the full-time program beginning August 2012.
There will not be a part-time program offered in 2012.

Dear Prospective Student:

Thank you for your interest in the Associate Degree Nursing (ADN) Program at John A. Logan College (JALC). Graduates of this program earn an Associate in Applied Science Degree in Associate Degree Nursing.

The College has an open admission policy; however, there are some programs which have additional entrance requirements. Attached you will find an information packet about the Associate Degree Nursing Program at John A. Logan College, an application for the ADN program and an application for the pre-entrance examination. **You must contact the Admissions Office to obtain information about general admission to John A. Logan College.**

The **applicant must:**

1. have successfully completed a practical nursing program, be licensed or eligible for licensure in Illinois, and never have had a license to practice revoked in any state,
2. achieve a competitive level score on the pre-entrance examination: **PSB – Registered Nursing School Aptitude Examination (RNSAE)**,
3. submit all required documents listed in this packet under **Admission Requirements** to the designated office by **March 30, 2012**.
4. complete all necessary general entrance requirements for the College, as determined by the Admissions Office.

Nationally, employment of registered nurses is expected to grow by 22 percent from 2008 to 2018, much faster than the average for all occupations. Growth will be driven by technological advances in patient care, which permit a greater number of health problems to be treated, and by an increasing emphasis on preventive care. In addition, the number of older people, who are much more likely than younger people to need nursing care, is projected to grow rapidly.

Further information is included in this packet and available on our website at www.jalc.edu/admissions/assessment/hcpa.php. We encourage you to thoroughly review the packet and website prior to applying to the program. Best wishes in your educational endeavors.

Best Regards,

Tom Cardwell
Director of Assessment

Marilyn Falaster
Director of Nursing

PROFESSION

Registered Nurse (RN) is an individual who supervises, teaches and delegates nursing care to members of the health care team and delivers direct nursing care and treatment to clients in a variety of facilities and settings. Clients and families may be at any stage along the wellness/illness continuum. RNs counsel and educate clients and families about their illnesses, preventative health measures and self-care responsibilities. Responsibilities include administering medications and treatments as prescribed by a licensed physician, dentist or podiatrist; performing skilled technical procedures; and providing personal nursing care. Registered nurses provide education to health care team members, clients and significant others. Evaluation, assessment, determination and implementation of a nursing plan of care are responsibilities of the RN. In addition to providing routine bedside care, RNs in nursing care facilities help evaluate residents' needs, develop care plans and supervise the care provided by LPNs.

Most RNs in hospitals and nursing care facilities work a 40-hour week, but because patients need around-the-clock care, some work nights, weekends and holidays. They often stand for long periods and help patients move in bed, stand or walk.

Individuals are required to attend an approved program for two years (Associate Degree Nurse-ADN), three years (Diploma Nurse-RN) or four years (Baccalaureate Nurse-BSN). All three programs of instruction require the learner to successfully pass a written licensing exam (NCLEX RN).

PROGRAM OBJECTIVES

The ADN student, upon completion of the John A. Logan College Associate Degree Nursing Program, will have the ability to exercise sound nursing judgment based on cognitive, affective and psychomotor preparation and, therefore, have the capabilities to pass the State Licensing Examination.

Upon completion of the ADN program, the graduate will be able to do the following:

- Communicate effectively with clients, patients, family, and members of the trans-disciplinary health team.
- Apply principles of Erickson's stages of growth and development.
- Apply principles of Maslow's hierarchy of needs.
- Utilize the nursing process in providing nursing care to patients with common health problems in selected health care settings.
- Demonstrate the professional responsibility necessary to function safely in the graduate nurse role.
- Utilize principles of nutrition in health and disease.
- Utilize principles of pharmacology, with understanding of rationale, and administer medications safely.
- Apply scientific principles as the foundation for nursing interventions.
- Implement individualized nursing care according to the patient's cultural background.

ADMISSION REQUIREMENTS

The following admission procedures shall be followed by all prospective applicants seeking admission to the JALC ADN program. Failure to comply with the deadline dates designated by JALC will automatically terminate the application for the program.

These admission procedures are in accordance with Illinois law. The law requires that programs not having sufficient space and resources to accommodate all applicants will accept those applicants best qualified, using ranking, ability and achievement test scores as guides, with preference given equally to students residing in the district or in a joint agreement district.

The JALC ADN program admission process does not discriminate on the basis of race, creed, color, national origin, gender, age, or the presence of a non-job-related condition or disability.

To be considered for admission in the full-time program beginning Fall 2012, an applicant must meet these criteria and submit the following credentials to the designated office by March 30, 2012:

1. Be currently enrolled in a Practical Nursing Program that will be completed by **August 8, 2012** or submit proof of successful completion of a Licensed Practical Nursing Program in Illinois and submit a copy of a current Illinois LPN certificate or license by **March 30, 2012**.
2. Submit proof of successful completion of all Practical Nursing general education course requirements (**ENG 101, PSY 132, PNE 100 and BIO 205**) with a minimum grade of a "C" by August 8th of the year the applicant plans to start the ADN program.
3. Prior to beginning ADN courses, the applicant **MUST** have completed all PNE courses in the curriculum with a minimum grade of a "C", including general education courses and ADN prerequisite courses BIO 206 and CHM 141 in the curriculum.
4. Submit a properly completed application for general admission and return it to the **Admissions Office** by **March 30, 2012**, if **not** currently enrolled in courses at JALC.

When completing an application for general admission the applicant must indicate that they are seeking a JALC degree. Also, indicate the area of study as an Associate of General Studies (**AGS**) with the PSC Code: **1.2**, and the CIP Code: **240102D**.

5. Complete and return the attached Associate Degree Nursing Program application to the **Assessment Office** when you register for the first test, or by **March 30, 2012**.
6. Complete and return the attached Associate Degree Nursing pre-entrance exam application to the **Assessment Office** when you register for the first test, or by **February 10, 2012**.

If an applicant tested the previous academic year and chooses not to retest in the current academic year, they must submit a written request along with the program application in order for the previous test score to be considered. In this instance, no entrance exam application is necessary.

7. Request **all transcripts** be sent to the **Admissions Office** by **March 30, 2012**. A high school transcript or proof of GED with passing scores is required of applicants who have not completed a full semester at an accredited college or university. If the applicant has completed a full semester or more of accepted course work at a college or university, other than JALC, then evaluated college transcripts are required, not high school transcripts. Transcripts **must** show when the course was taken and the grade received. **Official college transcripts must be received and evaluated in JALC Admissions Office by March 30, 2012**. The Assessment Office has access to courses taken at JALC, therefore, a JALC transcript does not need to be submitted.
8. **All applicants must submit proof of current residency to the Assessment Office by March 30, 2012**. The following forms may serve as acceptable proof of residency to be **RANKED** as an in-district applicant:
 - a valid driver's license with an in-district address
 - a valid state identification card with an in-district address
 - a valid voter's registration card that indicates JALC College District
 - a current real estate tax bill that indicates property is owned within the JALC College District
 - a joint agreement approved by JALC's V.P. for Instruction

In-district and joint agreement applicants will be placed in the ranking before applicants out-of-district, if one of the above forms of acceptable proof is received in the Assessment Office by March 30, 2012. If one of the above forms of acceptable proof is not received in the Assessment

Office by March 30, 2012, the applicant will be placed in the ranking after in-district and joint agreement applicants that submitted acceptable proof.

Although the following forms may serve as proof to receive the in-district tuition status for an approved course or curriculum, these forms **DO NOT** qualify as acceptable proof of residency to be **RANKED** as an in-district applicant, therefore, the applicant will be placed in the ranking after in-district and joint agreement applicants:

- an employer letter that indicates employment in JALC College District
- a notarized letter that indicates residence in JALC College District
- a chargeback approved by JALC's V.P. for Instruction

Verification must show the applicants name with their current address. Acceptance letters will only be sent to in-district addresses for in-district students with the exception of joint agreement applicants. Post Office boxes are not accepted as proof of residency. New driver's licenses now show both P.O. Box and street address.

Out-of District Applicants Attending Through Joint Agreement

Out-of-district applicants enrolling in the **Associate Degree Nursing Program** at John A. Logan College through a joint agreement with [**currently JALC has not entered a joint agreement with any other community college for Associate Degree Nursing**] will attend on the same basis as in-district applicants including paying tuition, fees and any other charges applicable to in-district applicants. However, applicants attending under a joint agreement must agree to register for only those courses that are part of the declared joint agreement program. Any prerequisite course work or course outside of the joint agreement program must be completed at the applicant's home institution or the applicant will pay out-of-district rates at John A. Logan College. Joint agreement applicants will be responsible for withdrawing from courses that are not part of their declared joint agreement program or agree to pay out-of-district tuition for non-eligible courses. Completion of prerequisite courses does not result in preferential treatment for programs with special admission. Please note that these joint agreements are subject to change.

An applicant, who wishes to enroll in the **Associate Degree Nursing Program** that is not offered at their home institution, but is included in the joint agreement with John A. Logan College, will:

First, have a letter sent from their home institution stating that the applicant is eligible to participate in the specific program covered by the agreement and

Second, sign a joint agreement form stating that they understand that only courses included under the joint agreement are eligible for in-district tuition.

The eligibility letter and joint agreement form should be sent to:

John A. Logan College
Cindy D. Johnson, Director to the V.P. for Instruction
700 Logan College Road – Room A17
Carterville, IL 62918

If an applicant has any questions regarding a joint agreement or chargeback, they should contact JALC's V.P. for Instruction Office at (618) 985-2828 Ext. 8407.

Out-of District Applicants Attending Through Chargeback

An out-of-district applicant who wishes to enroll in the **Associate Degree Nursing Program** that is not offered at their home institution, and is not included in the joint agreement with John A. Logan College, must first obtain authorization from the sending institution for partial student support to attend John A. Logan College, which is referred to as a chargeback. Applicants attending through a chargeback must agree to enroll in only the curriculum approved by the sending institution or the applicant will assume responsibility for full tuition and fees incurred for

the unapproved courses or curriculum. **In-district and joint agreement applicants will be placed in the ranking before out-of-district applicants attending on a chargeback.**

9. Achieve a competitive level score on the pre-entrance examination for the college. This score is based upon the PSB-Registered Nursing School Aptitude Examination results **and** weighted grades for previous college courses taken within, or transferring to, the ADN required curriculum. The exam will take a minimum of 2 ½ hours. Tests will begin promptly at 9:00 a.m., 11:30 a.m. and 2:00 p.m., unless indicated otherwise. **No one may take the test if they do not have a photo ID the day of the test.** Tests will held in the Assessment Office in Room C205A. **Seating for each testing date is limited, and applications will be processed on a first come, first served basis.** Therefore, SIGN-UP EARLY! A list of designated dates and application deadlines is listed below. Complete and return the form to the **Assessment Office**, Room C205, by the test registration deadline. Applicants must register before the test registration deadline set below for each session. The \$25.00 registration fee, per test, must be paid at the time of registration. This may only be done between the hours of 8:15 a.m. – 3:15 p.m. to allow time to complete the payment form that you must take down to the Business Office with your payment. The Business Office accepts credit/debit card, money order, cashier's check, personal check, or cash. Please contact the Business Office with questions regarding acceptable forms of payment. A total of 2 tests may be taken per academic year and only 1 test per month may be taken. Changes to exam and fees may occur at anytime! **There are 26 testing times available; applicants may only test up to 2 times.**

Friday, February 10, 2012, by 3:15 pm

The first concern about acceptance into the program should be obtaining a competitive level score on the ADN pre-entrance examination. This score is based upon the PSB-Registered Nursing School Aptitude Examination results. The exam includes sections on academic aptitude, spelling, reading comprehension, information in the natural science and vocational adjustment index. All five sections of the test will be given. The raw score of the first four sections will be added to achieve a composite exam score to be used for admission ranking. The fifth section will be utilized for research purposes. Tie breakers will be based upon the highest score achieved on Part 1 and Part 3, successively.

Additional points may be added to the applicants composite exam score on the ADN pre-entrance examination, **if college transcripts have been received and evaluated in JALC Admissions Office by March 30, 2012.** No points will be given without an official transcript. General education courses must be completed by **December 2011** in order for points to be added: CHM 141, BIO 206, BIO 226, SPE 115 **or** SPE 116, and **only one of the following:** MAT 113, MAT 120 **or** MAT 104. The following points will be added for each grade earned: "A" = 3 points, "B" = 2 points, "C" = 1 point. [For example, 15 points may be added to an applicant's composite entrance exam score if the above general education courses are completed by **December 2011** with a grade of an "A" in each class.] Rank ordering of students for admission consideration will be made on the basis of total points earned.

Additional information about the pre-entrance exam can be accessed by going to www.psbtests.com. Click on "Resources for Test Taking" to locate documents, that may be viewed or printed, containing information regarding Sample Questions, Understanding Test Results and Other Helpful Resources. No calculators are permitted during the exam.

Letters of notification of provisional acceptance to the top forty (40) applicants on the ranking list will be mailed beginning in May 2012. Applicants that obtain provisional acceptance will have ten days from the date mailed to return the response form enclosed in the acceptance letter. If no response is obtained, the applicant will be dropped from future consideration and the next alternate on the list will be notified of provisional acceptance. Letters of notification of alternate list or denial into the program will be mailed when all positions are filled.

It is extremely important to abide by the deadline dates outlined in this packet. It is the applicant's responsibility to assure that these documents have been received in the designated office by the deadline dates.

ACCREDITATION STATUS

Illinois Department of Professional Regulation
Illinois Community College Board

TUITION AND FEES

The estimated cost of the program is \$8,175. This includes in-district tuition at \$92.00 per credit hour for 18 credit hours of general education courses, variable tuition at \$122.00 per credit hour for 31.5 credit hours of ADN courses, lab fees, textbooks, uniforms, shoes, equipment, entrance exam, criminal background, drug screening and graduation fee. Many of these costs will be incurred the first semester of the program since textbooks, uniforms and equipment can be used in subsequent semesters. Textbooks for general education courses are not included due to variability of texts. All costs listed above are estimates and subject to change. **The ADN student should have planned for meeting these financial obligations before entering the program.**

If an applicant has any questions regarding the costs incurred during the program, they should contact the Nursing Department at (618) 985-2828 Ext. 8498.

FINANCIAL AID

A variety of financial aid exists and the applicant should contact the Financial Aid Office for more information. Some of the types of financial aid presently offered are:

- Federal Pell Grants/FSEOG
- Illinois State Map Grant
- College Work Study
- Scholarships

LEGAL/PHYSICAL LIMITATIONS

Graduates of the Associate Degree Nursing Program are eligible for licensure as Registered Professional Nurses upon successful completion of the program, and the National Council Licensure Examination for Registered Nurses (NCLEX-RN) unless they:

- Have been denied a license, permit or privilege of taking an examination by any licensing authority;
- Have had a license encumbered in any way;
- Have been convicted of any criminal offenses in any state or federal court (other than minor traffic violations);
- Have a physical impairment or disability that could interfere with the practice of nursing;
- Have an addiction to or excessively use of alcohol, narcotics, barbiturates or habit forming drugs;
- Have ever suffered from, been diagnosed as having, or have been treated for any disease or condition regarded as chronic, whether physical, emotional or mental, or related to alcohol or substance abuse.

Graduates who have experienced any of the above may sit for the licensure examination, but may or may not be issued a license to practice nursing in Illinois following review by the Committee on Nursing of the Illinois Department of Professional Regulations.

Potential applicants with questions concerning any of the above may wish to make an appointment with the Director of Nursing by contacting the Nursing Department at (618) 985-2828 Ext. 8498.

CURRICULUM COURSE REQUIREMENTS

Forty (40) applicants are selected for full-time classes that begin in August of each year. In addition, forty (40) applicants are selected for part-time classes that begin in August of odd numbered years. **There will not be a part-time program offered in 2012.**

The length of the full-time program is nine (9) months from start to finish—providing the student has completed, prior to acceptance, 4 of the 5 general education courses for the program **AND** has a current CPR certificate. If these provisions are not met, the program length is extended to twelve (12) months. The length of the part-time program is twenty-one (21) months.

The Associate Degree Nursing full-time student has a very concentrated schedule and should generally plan to be free for academics Monday and Wednesday from 9:00 a.m. to 3:00 p.m. at John A. Logan College. Also, the students should be available eight (8) hours for clinical on Tuesday, Thursday or Friday (7:00 a.m. to 3:30 p.m. or 2:00 p.m. to 10:00 p.m.). Part-time nursing students will have a diverse schedule. Classroom and clinical times may vary by week. These commitments relate to nursing courses only. If general electives are also being taken, extra time will need to be allowed. There may be times clinical will be scheduled on weekends or evenings. Clinical sites currently in use are located in Carbondale, Marion, Anna and other various locations in Southern Illinois.

Students will need to provide transportation to and from the John A. Logan College campus and assigned clinical sites. Proof of auto insurance is required and a **copy of your auto insurance card** must be given to the JALC Nursing Department Secretary.

Students will be conditionally admitted into the program based on results of a criminal background screening and drug/alcohol testing. **Criminal background screening and drug/alcohol testing** is performed as part of the entry requirement and possibly throughout the program for all students entering the Associate Degree Nursing Program. Drug/alcohol testing shall be collected at Herrin Hospital, Heartland Regional Medical Center, Memorial Hospital of Carbondale or SIH Workcare, under that facility's procedures and control at the student's expense. If a student has a positive drug/alcohol screen, they may not be admitted into the nursing program at that time. The criminal background screening will be conducted by JALC at a \$20.00 cost to the student. This cost will be added to the student's billing statement and will be NON-REFUNDABLE.

Evidence of health insurance is required with a **copy of your health insurance card** given to the Nursing Department Secretary. **If a student drops their health insurance anytime during the nursing program, they will be removed immediately from the program.** A physical examination is required. The exam form must have a hand written signature by the physician or health provider. **No stamped signatures or office nurse signatures are accepted.** In addition, proof of immunization or immunities

from the following diseases are required: Measles/Rubeola Titer, German Measles/Rubella Titer, Mumps Titer, Chicken Pox/Varicella Zoster Titer, Diphtheria/Tetanus Booster, Childhood Polio Vaccine, Two (2) Step Tuberculosis Test (TB) within a 3-week period **or** show proof that a two-step test has been done in the past with subsequent re-tests annually and the series of three (3) Hepatitis B Vaccines. The physical examination should **not** be scheduled until official notification of acceptance into the program has been received. The physical form and inoculation form may be obtained during registration/orientation. Both the physical and the inoculation forms must be submitted to the Nursing Department, Room G220, before you begin class.

Prospective ADN students should **not** purchase any materials or supplies until **AFTER** they have attended an orientation session and have registered for classes. All questions regarding uniforms, schedules, requirements, physicals, etc. will be answered for accepted students during the orientation session with the Associate Degree Nursing Coordinator.

Associate Degree Nursing students must earn a minimum grade of a “C” in all courses listed in the curriculum guide, including prerequisite and general education courses.

It is the responsibility of all interested applicants to view the current ADN curriculum guide and course descriptions online at the following links:

- http://www.jalc.edu/catalog/curriculum_guides/associatedegreeenursingdegree.pdf
- http://www.jalc.edu/catalog/curriculum_guides/associatedegreeenursingparttimedegree.pdf
- http://www.jalc.edu/catalog/course_descriptions/adn_associate_degree_nursing.pdf

GENERAL EDUCATION COURSES

ALH 101 – Cardiopulmonary Resuscitation ¹	.5 - 1 credit (<i>Required annually</i>)
BIO 206 – Human Anatomy and Physiology II ²	4 credits
CHM 141 – General, Organic, and Biological Chemistry I ³	4 credits
BIO 226 – General Microbiology ²	4 credits
Choose one of the following:	
MAT 113 – Introduction to Contemporary Mathematics ⁴	3 credits <u>OR</u>
MAT 120 – Elementary Statistics ⁴	3 credits <u>OR</u>
MAT 104 – Mathematics for Allied Health	3 credits
Choose one of the following:	
SPE 115 – Speech	3 credits <u>OR</u>
SPE 116 – Interpersonal Communications	3 credits

Prior to beginning ADN courses, the applicant MUST have completed all PNE courses in the curriculum with a minimum grade of a “C”, including general education courses and ADN prerequisite courses BIO 206 and CHM 141 in the curriculum.

¹ Students must be certified in CPR annually before starting clinical rotations.

² Courses are not offered every semester and must be taken the semester indicated or before.

³ Prerequisite for CHM 141 is MAT 062 with a minimum grade of a “C” or an official high school transcript with 2 years of Algebra (Algebra 1 and Algebra 2) with a minimum grade of a “C”. Proof of either one is needed before you may enroll in CHM 141.

⁴ Prerequisite for MAT 113 or MAT 120 is MAT 062 with a minimum grade of a “C”.

All applicants are strongly encouraged to complete the above ADN general education courses with a minimum grade of a “C” prior to the fall semester they plan to start the ADN program, so that they may increase their probability of success in the program.
