

Geography (GEO)

GEO 112 Regional Geography

IAI – S4 900N

3 Hours

Prerequisites: None

3 hours weekly (3-0)

An introduction to regional geography is an attempt to study and use geographic concepts and structures in relation to specific regions and countries. Focus is on key countries in the seven continents of the world.

GEO 215 Survival of Humans: Environmental Studies

IAI – L1 905

3 Hours

Prerequisites: None

3 hours weekly (3-0)

An introductory course dealing with the human-land relationship from a geographic viewpoint. Topics to be covered include the development, use, and management of natural resources. Emphasis will be placed upon political, economic, and social factors that influence resource decisions.

GEO 216 American Regional Geography

3 Hours

Prerequisites: None

3 hours weekly (3-0)

Study of contemporary world cultures and the interrelationships with geographic structure and regions. Includes human origins and distribution, population, migration, health, climate, culture, language, settlements, industry, and agriculture.

This course is also offered as part of a study abroad program. Contact the International Education Coordinator for more information.
