

Nursing Assistant Training (NAD)

NAD 098 Manual Skills Evaluation

.5 Hours

Prerequisites: Current Illinois RN Licensure
.5 hours weekly (.5-0)

This course is an evaluator workshop that will qualify participants to test manual skills in the Basic Nursing Assistant Training Program. Participants will be required to demonstrate a teaching style. This course is approved by the Illinois Department of Public Health.

NAD 099 Alzheimer's Disease and Disorders

.5 Hours

Prerequisites: Current Illinois RN Licensure
.5 hours weekly

This course provides information about the Alzheimer's disease and related disorders. At the completion of the course, the graduate will be able to teach the Alzheimer's portion of the certified nursing assistant course.

NAD 101 Nursing Assistant Training

7 Hours

Prerequisites: None
9.5 hours weekly (5.5-4)

This course is designed to train students to be competent in skills necessary for the nursing assistant to function successfully in a hospital, long-term care facility, or other health care facilities. The nursing assistant will provide services related to the comfort and welfare of the resident under direct supervision of the licensed nurse or physician. Some topics to be covered include body mechanics, transfer techniques, basic anatomy and physiology, personal care, vital signs, rehabilitation, death, Alzheimer patient care, dying, and post-mortem care. Cardiopulmonary resuscitation is also included.

NAD 200 Train the Trainer

2 Hours

Prerequisites: Current Illinois RN Licensure
2 hours weekly (2-0)

Successful completion of this course will qualify RNs licensed in Illinois to develop and teach the Basic

Nursing Assistant Training Program, including the Alzheimer's portion of the curriculum. The evaluator workshop is also being conducted. The Evaluator Workshop portion of the program will qualify participants to test manual skills in the Basic Nursing Assistant Training Program. Participants will be required to demonstrate a teaching style. This course is approved by the Illinois Department of Public Health.
