**Effective Date: Fall 2008  
rev. 10/2010**

**Career Opportunities:** Graphic designers work for print shops, magazine companies, newspaper companies, advertising agencies, television stations and other related industries. The needs for each company vary, but a graphic designer's responsibilities may include the creation of graphics, photography, animation, page setup, layout, logo design, and web page design.

The certificate program is geared toward students desiring a career in graphics design, updating their existing skills, or having an interest in artistic expression. This program is ideal for dislocated or incumbent workers who wish to concentrate their education toward graphics design related classes.

Beginning salaries are comparable to other technical careers with the possibility for advancement within a particular company. A job placement service is provided for all John A. Logan College graduates to help students find employment.
