<sup>1</sup> Requires a grade of "C" or higher. Students may also need a "C" or higher grade in all courses specifically required for the Education degree at the transfer institution.

<sup>2</sup> Students should stay within sequence with these courses. For instance, HIS 101 and HIS 102 OR HIS 103 and HIS 104.

<sup>3</sup> Students who take the HIS 101/102 sequence will have already fulfilled two humanities requirements. Only those students can take the second, alternative course.

Prior to admission to college and university teacher education programs, all transfer students must demonstrate proficiency on the Enhanced Basic Skills Test. Students should consult with an advisor regarding any additional requirements specific to their transfer school of choice, e.g., Southern Illinois University requires a GPA of 2.75 (A=4.0) for entry into the Teacher Education Program. EDC 203 may also be required. Currently, teacher education programs at colleges and universities throughout the state are based on the Illinois professional education standards. The standards define the knowledge and skills teachers must demonstrate in their coursework and profession.
