A Message from the President . . .

Dear Friends,

I hope you enjoy this edition of the John A. Logan College schedule of continuing education classes. We have prepared this addition with an eye to providing practical classes that will be of use to southern Illinoisans who wish to learn new skills as well as a mixture of recreational classes that retirees and others might find enjoyable. Twenty-one new classes along with several old favorites are scheduled for this spring. New classes include Everyday Green Living, Jewelry Making, Ventriloquism for Amateurs, Dining with Diabetes and Italian Cooking on a Shoestring.

If you would like for the College to offer other classes, please contact the Office of Continuing Education at extension 8248. As usual, the factors that determine whether we can offer a given class are the cost of the class, the availability of appropriate instructors, and whether enough students sign up to make the class practical.

With best wishes,

Robert L. Mees, President
