Advisement

Each student is assigned to an individual faculty member for advisement and registration.

Dates and Deadlines

(For exact dates, contact the Assessment Office at Ext. 8497.)

Late February: Last date for LPN testing for selection for fall class (test scores valid for 2 years).

Early March: Last date for application file information to be completed to qualify for ranking/acceptance in the LPN program.

Early May: Orientation and registration for LPN classes for summer and fall sessions.

Both part-time and full-time programs are available. The part-time class is offered every other spring (in the even-numbered years).

Early October: Orientation and registration for spring sessions.

PRACTICAL NURSING

Carterville, Illinois

**JOHN A. LOGAN
COLLEGE**

John A. Logan College does not discriminate on the basis of race, religion, color, national origin, disability, age, or gender orientation.

PRACTICAL NURSING

The John A. Logan College Practical Nursing Program is designed to provide an individual with the knowledge and skills to function as a safe and effective member of the health care team in the role of the practical nurse. Classroom theory, laboratory practice, and clinical experience are included in this three-semester certificate program approved by the Illinois Department of Professional Regulation. Upon satisfactory completion of the program, the student will be eligible to write the NCLEX-PN exam for licensure.

Admission Requirements

In addition to completing a College application, the applicant must be able to do the following: provide proof of graduation from an accredited high school, or possess a GED certificate; successfully complete the ASSET test; and provide proof of sound health to practice nursing.

The highest scoring students are given the choice of part- or full-time programs at the time of notification.

Preference is given to in-district candidates.

PNE and ADN programs are separate. Selection for the PNE program does not guarantee acceptance into the ADN program.

OBJECTIVES

The graduate of the John A. Logan College Practical Nursing Program will do the following:

1. Have satisfactory knowledge of nursing theory and skills in all areas of the developed curriculum.
2. Have sufficient competencies needed by individuals preparing for gainful employment in the vocation of practical nursing and be recognized as a safe and effective beginning practitioner.
3. Be able to relate effectively with people in daily endeavors through verbal and nonverbal communication.
4. Utilize the nursing process in problem solving.
5. Be able to assist in planning and implementing a health care/teaching plan designed to meet the identified needs of the client.
6. Accept responsibility for his/her own attitudes and actions.
7. Recognize his/her individual capabilities and limitations when functioning as a member of a health care team.
8. Recognize the importance of integrity and self-imposed high standards of performance as a means of perpetuating regard for the vocation of practical nursing.
