

Assessment Cycle

Beginning Fall 2008, the John A. Logan assessment cycle will include two of the eight learning goals per semester. The cycle will consist of five steps. *(Some learning goals will not be applicable to certain programs or departments. Only those goals that apply need to be assessed.)*

1. Submit a plan for assessing the goal.
2. Implement the plan.
3. Analyze the data.
4. Submit a report of the findings.
5. Implement any necessary changes the following semester.
