

## Sources for Art Images

There are many sites that provide images of art and resources on Art and Art History.

One library database contains images of art as well as news photos. From the library's homepage, [www.jalc.edu/lrc/library/](http://www.jalc.edu/lrc/library/), click on the most used databases link and choose **Academic Search Premier**. Once into the database, select "More" then "Images" from the menu toolbar. Enter your search. Resulting images can be enlarged, printed, downloaded, or e-mailed.

The following websites contain links to art images and research articles on art and art history. Some are compilations (many are extensive compilations - especially the **Digital Librarian of Art**) and others are museum sites. All genres and a variety of locations are included.

Please send suggestions for additions to [library@jalc.edu](mailto:library@jalc.edu).
