

Full Text Journals: Literature

The best database to find full text literature journals is **Academic Search Complete** which is accessible from the library's HomePage. Begin searching the database by choosing "Publications" from the toolbar. Enter the journal title. Select the date and browse articles using the table of contents or by keyword or subject searching within a single journal. Ask a reference librarian for assistance if needed. Reference Service is available to John A. Logan College Library users, in-person, by telephone, or via e-mail. The reference desk is directly across from the circulation desk in the library. The desk can be reached by calling (618) 985-3741, 549-7335, 937-3438, or 542-8612 and requesting extension 8104. A message can be left for the reference librarian at extension 8338. Or, e-mail us at library@jalc.edu.
