

## Multicultural Research Guide

The Library provides resources to support research on Multiculturalism. This guide is meant to help students effectively use those resources.

### Library Website

The **Library HomePage** acts as a menu to library resources and other useful information. It can be found at: <http://www.jalc.edu/lrc/library/>. It includes links to library resources as well as links to library services, to assistance in writing and reference list creation, and to e-mail and chat reference services.

### Books

The **Library Catalog** includes the holdings (books and videos) of John A. Logan College Library and the Media Distribution Center as well as the holdings of other libraries in the Shawnee Library System consortium. It can be reached from the **Library HomePage**. **Search tips:** Start with a keyword search. When you find an interesting book, look at the subject headings in the record. By selecting any one of those subject links, you can refine your search to include all books with that particular subject heading. **Examples of keywords:**

<b>Multicultural*</b> (truncation symbol* retrieves all terms beginning with Multicultural, e.g. Multicultural, Multiculturalism)	
<b>Cultural</b>	<b>Cross Cultural</b>
<b>Diversity</b>	<b>Pluralism</b>

For example, “Diversity” as a subject keyword leads to “Diversity in the Workplace” as well as the appropriate subject headings for other multicultural topics. Once you have a list of titles, you can limit the results to those items owned by John A. Logan Library by choosing “John A. Logan” from the “Limit by” pulldown menu in the upper right of the screen. You can also “Sort by” publication date to create a list with the newest materials listed first. Choose “my account” from the top toolbar to check on due dates and renew materials from within the catalog.

### Borrowing from other Libraries

As part of the Shawnee Library System, you may request material from other libraries in the consortium by selecting “Request Item” from within the record of a title needed. Depending on availability, items usually are delivered within three days. If you do not find what you are looking for in the Shawnee Library System or through our Online Databases you can search the catalogs of other libraries and request materials from the using the forms available at the circulations desk or on the Library Webpage. Please ask a Librarian for assistance if you need help.

**Browsing:** You can also browse the shelves at the library. The books in the library are organized by the Library of Congress Classification (LC) system, which uses letters and numbers as a code for a subject. This code is referred to as the call number. The following LC classes will be helpful to you: **BJ 1854 – for Cross Culturalism, E 169 – for History of Diversity, E 184 A1 – for Cultural Pluralism, HF 5549.5 – for Diversity in the Workplace, HV 41 – for Multiculturalism, LC 1099.3 – for Multicultural Education.** You can browse those shelves for books on similar topics.

Multiculturalism books are shelved in the reference collection as well as the circulating collection and those can easily be browsed since it is a much smaller collection than the circulating collection.

### **eBooks**

**NetLibrary** is a searchable database of eBooks covering a wide variety of subject areas including many books on multiculturalism topics. Before accessing from outside the library, a username and password must be set up within the database from inside the library.

**Credo Reference** contains dictionaries, bilingual dictionaries, thesauri, encyclopedias, quotations and atlases, plus a wide range of subject-specific titles covering every topic.

### **Databases**

**Finding Articles:** Use periodical indexes and databases to locate articles, reports, and other documents on your topic. Most of these resources provide full-text articles, which you can print, save, or e-mail. We also have print subscriptions to some magazines and journals that aren't available electronically. If an article you need is not available at the John A. Logan Library in either print or electronic format, you can request the article from another library through Interlibrary Loan either at the Circulation Desk or using the forms found on the library's website.

From the Library's homepage, choose **Databases in Alphabetical Order**. Access outside the library requires IDs and Passwords. They can be obtained from the circulation desk each semester. These databases represent the most useful for research on Multiculturalism:
