			16	

*All HIT courses, with the exception of HIT 217, are only offered once a year, so the student will have to wait to take courses until a prerequisite course has been completed with a passing grade.

Additional Information: This certificate will prepare individuals to work as medical billers and coders for doctors' offices, group practices, clinics, and some legal practices specializing in personal injury cases. It also helps individuals prepare for the Certified Professional Coder (CPC®) exam sponsored by the American Academy of Professional Coders.

Career Opportunities: This includes health care offices and clinics, large legal firms specializing in personal injury cases, health care insurance companies, government agencies responsible for Medicaid and Medicare disbursements, and others.
