Visit our web site at [http://jalc.edu/](http://jalc.edu/) to get information about classes, programs, and schedules and to request information or to fill out an online application for admission. You can e-mail the College at info@jalc.edu.
**Release of Directory Information**

The College may make accessible to certain persons, businesses, and organizations external to the College certain directory information concerning a student, unless that student notifies the Office of Admissions and Records that he/she objects to the release of such information. Directory information is considered to be public in nature and will be released at any time upon request without prior approval from the student. Directory information will be available to parents, spouses, legal guardians, newspapers, radio stations, legislators, high schools, institutions of higher education, potential employers, civic organizations, and other legitimate groups and individuals as determined by the College, unless the student files with the Office of Admissions and Records a written request to restrict release of student directory information to external sources.

Directory information includes: student name, student local and home addresses and telephone numbers, College e-mail address, date of birth, current term hours carried, classification (freshman, sophomore, etc.), major, dates of attendance, degrees and honors earned and dates, the most previous education agency or institution attended, participation in officially recognized activities or sports, and height and weight, as well as pictures of members of athletic teams or students participating in academic or extracurricular activities at John A. Logan College.

**Student Notification of Cancelations**

Students may receive a text and/or email message about emergencies and school closures through John A. Logan College’s e2campus-JALCText system at no charge to them except for their carrier’s text message charge (if applicable).

- Go to [http://www.jalc.edu/admissions/create-a-jalctext-account](http://www.jalc.edu/admissions/create-a-jalctext-account)
- Sign in to create an account.
- Choose to receive text messages and email messages, text only, or email only.
- Choose to receive alumni information, athletic scores, performance series information, etc. also through this system.
- Have your cell phone with you if you choose text messaging to receive the JALCText confirmation.

Once you create your account, you can join “groups” for other messages from the College; and you can always log back into your account to change your information and group subscriptions.

**Grades and Records**

Students can view their grade information, class schedule, account balance, and enrollment verification through the student portal: [https://my.jalc.edu/ics](https://my.jalc.edu/ics).

Students who do not have access to a home computer may use those in the College library, consult with their College advisor, or inquire at the Admissions Office.

**Textbook Prices**

If you would like to view the textbooks required for individual courses and pricing, you can do that through your individual student portal, My JALC. Click on “students” then “add/drop classes.” Once you are on that screen, click on the “add/drop courses” icon. On the schedule, click on “buy books.”

John A. Logan College is no longer participating in the Federal Direct Student Loan Program. Students in need of loan funds will have to apply for a private alternative student loan. In order to find a lender, contact your local bank, credit union, or search on the web using “Private Alternative Student Loan Providers” for your search. All students who apply for private alternative loans must first submit a FAFSA with John A. Logan College’s federal school code 008076.
JALC Registration

Students interested in signing up for classes at John A. Logan College are required to:

✓ Apply to the College. Students can apply online at www.jalc.edu by clicking on the red “Apply Now” tab in the top right corner. Paper applications are also available in the Admissions and Records Office in C201.
✓ Provide an official copy of the high school or GED transcript with the date of graduation or completion.
✓ Provide official copies of college transcripts along with a Transcript Evaluation Request if the student is seeking prior coursework be used to complete degree requirements at John A. Logan College or satisfy prerequisite coursework.
✓ Provide placement test scores if college level English and math have not been completed. The College provides Accuplacer testing for students. ACT and SAT scores can also be used provided they meet the requirements to demonstrate college readiness.

JALC Student Portal: To access the Student Portal from the College home page, students can click on the blue MyJALC tab. Once a student is logged in they can register for classes as well as view grades, schedules, account balances, and unofficial transcripts. For problems accessing the portal, students should contact the IT Help Desk at extension 8388.

Billing: Students may pay their Bursar bill through the portal, by mail, or in person in the Bursar’s Office in C213. Failure to pay the bill by the specified due dates may result in being dropped from classes for non-payment.

Academic Advisement: New students who are degree seeking must meet with an advisor to register for classes. Students should contact the Academic Advisement Office or Admission and Records to schedule an advisement appointment. Returning students may register by meeting with their Academic Advisor, registering through the Student Portal, or sending an email to registration@jalc.edu. When requesting classes, students must include their name, JALC ID number, valid email address, and list of courses (including course prefix and section number). Students who do not meet with an Academic Advisor are responsible for ensuring that courses are required for their specific program and meet all requirements for financial aid eligibility including scholarships.

Registration Restrictions: Students with an outstanding balance or other registration restrictions at the College may not enroll until the restrictions are resolved.

Financial Aid Eligibility: Depending on federal regulations, all courses may not be eligible for reimbursement. It is imperative that students only enroll in courses listed on their program guide. Questions concerning course eligibility should be directed to the student’s academic advisor.

Testing Services: Students are required to take the Accuplacer test in order to register for classes. This basic skills assessment includes reading, writing, and mathematics. Information from the assessment is used to place students in college level courses. Information on placement testing can be obtained by contacting the Testing Office in Room C205, or at Extension 8497. The only exception is for students who have successfully completed college level coursework in English and math, or have provided ACT or SAT scores that reflect college readiness.

Wait Lists: Students may choose to be placed on a wait-list for courses that are closed at the time of registration. Once a seat opens and the student is added to the class, the tuition will be reflected on the student’s bill.

Class Cancellations: If a course is cancelled prior to the start of the semester, students will be notified through email to their college VOLMail account. During the course of the semester, faculty will also use VOLMail to notify students of individual course cancellations. In the event that the campus is closed, notification will be sent by text to the JALCText account. Complete this form and bring it with you when you meet with your advisor. Do not mail this form. It is a planning guide, not the actual registration form.

Block Scheduling

Block scheduling offers one of the most efficient ways to earn college credit, by abandoning the traditional 50-minute college class for longer blocks of time. Additionally, rather than meeting for a full semester, classes usually meet for 4 weeks.

Online Courses

Online (Virtual and Hybrid) Courses

Are you a self-directed and self-motivated learner? Does your schedule or location keep you from attending courses on campus? Then online learning may be just right for you. Online courses enable you to customize your learning to your time and your place since the courses are taught primarily via the Internet rather than in the classroom. Online courses are no less challenging or academically rigorous. You will have to spend at least as much time, and possibly more, to be successful.

Online courses are NOT independent study courses. Online courses are highly structured and involve frequent interactions with the instructor and with other students enrolled in the course. Students use the Internet for communicating with the instructor and other students, gaining access to course materials, conducting research, and submitting assignments. It is NOT necessary to have a high level of computer proficiency, but you should have some computer experience navigating the Internet and using email. The ability to use a word processing program is very important in an online course. If you do not have Internet access at home or at work, you can still take an online course using computers in our open access laboratories.

Textbooks and other materials may be ordered from the campus bookstore.

Virtual Courses  Any course approved for online instruction that requires no more than three visits to a campus or off-campus location during a semester. (Courses section numbers for virtual courses are V1, V2, etc.)

Hybrid  Any course approved for online instruction that requires four or more visits to a campus or non-campus location during a semester. (Course section numbers for hybrid courses are H1, H2, etc.)

| The Southern Illinois Collegiate Common Market (SICCM), organized in 1973, is a not-for-profit organization, which provides a means of sharing human and material resources in higher education. Through cooperation, more programs that are effective can be initiated and duplication of costs can be avoided. Working together, the consortium has been successful in the creation of innovative delivery systems, increased educational opportunity, and better accessibility to higher education for all people in the region. The region served by SICCM comprises a large segment of the southern portion of the state. The geographic area of SICCM covers all or part of eighteen (18) counties. This area stretches over 100 miles north to south and 100 miles east to west. Because the regions of the three cooperating colleges are large, traveling is an integral element of the consortium program. Completion of these programs may require travel up to one hour or more to clinical affiliates and to the SICCM lab/classroom. The consortium includes three participating institutions. Members of the consortium include:  
  - John A. Logan College, Carterville, Illinois  
  - Shawnee Community College, Ullin, Illinois  
  - Southern Illinois University, Edwardsville and Carbondale, Illinois  
  Each college has a minimum of five (5) admission slots, with a maximum class size of twenty-five (25) students. Applicants are ranked separately at each college and the highest scoring students are admitted into the slots allocated to the college. Students may apply at only one community college for entrance into a program and each college gives preference to its in-district students.  
  After a student is admitted into a SICCM program, he/she will register for all classes on their home campus. General education courses are taken on the home campus, but the core classes for each program are taught at the SICCM Regional Instructional Center located in Herrin, Illinois on HWY 148 North. |
| As a member of SICCM, John A. Logan College is able to provide southern Illinois students with training in three programs:  
  - Medical Laboratory Technology  
  - Occupational Therapy Assistant  
  - Surgical Technician |

### Program Delivery/Requirements

- John A. Logan College students can complete their bachelor’s degree by combining their John A. Logan College coursework with courses from Southern Illinois University, Carbondale through the Capstone Option or Dual Admission Program.

#### Capstone Option

The Capstone Option makes it possible for the A.A.S. degree graduate to earn a Bachelor’s degree more quickly by allowing students to complete an abbreviated University Core Curriculum (30 hours vs. 41 hours). For a list of participating majors, visit [http://transfer.siu.edu/capstone/index.html](http://transfer.siu.edu/capstone/index.html).

#### Dual Admission Program

The Dual Admission Program was designed to assist goal-oriented students in creating a plan for their community college curriculum. Participation in this program will confirm the courses you are completing will transfer smoothly and seamlessly to SIU. The personalized assistance offered by this program will serve to ensure that you are on the most direct path to completing a Bachelor’s degree at SIU and will offer special enrollment benefits only extended to Dual Admission Program students, [http://admissionssiu.edu/dap/](http://admissionssiu.edu/dap/).

A.A. and A.S. degree students transferring to SIU will be granted admission at a junior class standing with University Core Curriculum requirements for general graduation purposes considered complete.

Please see your Academic Advisor and the SIU Service Center Coordinator (Room C200) for additional information regarding the Capstone Option or Dual Admission Program.
Library Policy for Partner Institutions with Baccalaureate Completion Programs at John A. Logan College

With a current class schedule from a partner college/university, the John A. Logan College Library will issue a current semester Library card. Students will need to bring a driver’s license and their current semester schedule to the Library to obtain a card. In addition to the databases provided by the partnering institution, students will have access to the John A. Logan College databases as well as material in our library and those we can access through Interlibrary loan.
International Education
(Study Abroad Opportunities)

John A. Logan College offers several study abroad opportunities for qualified students through the Illinois Consortium for International Studies and Programs (ICISP). Students receive John A. Logan College credit for classes taken at various foreign sites and generally live with host families. For further information and the cost of each program, contact the Dean for Academic Affairs Office in G204, Ext. 8386.

Avoid the line........Pay online at http://jalc.edu/

To help you meet your educational expenses, John A. Logan College is pleased to offer the FACTS TUITION MANAGEMENT Program, a convenient, inexpensive, and easy way to budget payments.

FACTS is a convenient budget and tuition management plan that provides you with a low-cost option for budgeting tuition and other educational expenses. It is not a loan program; therefore, you have no debt, no interest, or finance charges assessed. There is no credit check. Enrolling online is simple, easy, and secure.

Connect to the FACTS e-Cashier Web link at http://jalc.edu/. You can make down payments or monthly payments. Click on the “Online Registration and Records” link, and that will take you to the College’s WebLink student records system. Log into WebLink, click on “Account Balance,” and the FACTS button will appear. Click there. Once you are in FACTS, review all information and refer to the menu bar at the top for additional answers to questions. After you have reviewed all information, scroll down and select the “Proceed” button. After you accept the “Terms and Conditions” and submit your agreement, you will receive an immediate e-mail (if your e-mail address was provided). This e-mail confirms receipt of your enrollment through FACTS e-Cashier.

In the past, students who have wanted to split their tuition payments have used our “partial payment” plan. This replaces the partial payment plan. Students who want to make tuition payments now have the FACTS program. More information is in the College brochure entitled FACTS TUITION MANAGEMENT in the Admissions Office.

Extracurricular Activities

The College provides a wide range of extracurricular and cultural activities, including three dozen clubs devoted to both baccalaureate transfer and career programs as well as specialty clubs for the arts such as music and writing and special populations. More information is with the College Office of Student Activities, Room C109.
