### NOTES AND INFORMATION

* Students must complete either CHM 141 OR BIO 226 PRIOR to starting the ADN program. Students must also maintain “C” or higher in all courses. All students must complete the practical nursing curriculum. All PN courses must be completed with a “C” or better prior to beginning ADN courses. It is strongly recommended that all ADN general education courses are completed prior to beginning the ADN program. Active and unencumbered Illinois LPN license is required prior to entering the first year, fall semester classes. The following courses are included in the minimum hours of this degree:

- BIO 205 Human Anatomy and Physiology I
- BIO 206 Human Anatomy and Physiology II
- PNE 101 Fundamentals of Nursing
- PNE 105 Nursing Throughout the Life Cycle
- PNE 161 Pharmacology in Nursing
- PNE 171 Pharmacology in Nursing II
- PNE 204 Adult Nursing I
- PNE 206 Adult Nursing II
- PNE 207 Medical-Surgical Nursing II
- PNE 208 Mental Health Nursing
- PNE 209 I.V. Therapy (or comparable I.V. course)

TOTAL CREDIT HOURS 24.5

ATI scores at Level 2 are required before a course grade will be issued. ATI National Average Score must be obtained on RN Predictor prior to exiting the program. (2 attempts maximum)

A national licensure examination test must be passed in order to be employed in this career.

1 Students must be certified in CPR annually before starting Clinical Rotations.

2 Courses are not offered every semester and must be taken the semester indicated or before.

*Students interested in BSN should consider taking MAT 120 Elementary Statistics.

**Students planning to transfer and pursue a baccalaureate degree should, when given a choice, enroll in the general education course that is IAI GECC approved and articulated with participating Illinois institutions.

**Additional Information:** The Associate Degree Nursing Program provides practical nurses the opportunity to achieve an associate degree in nursing and take the NCLEX-RN Exam; builds on the practical nurse program of education in communication skills, nursing process, anatomy, physiology, pathophysiology, pharmacology, and basic nursing skills; provides appropriate educational programs.
opportunities to prepare the graduate to adhere to standards and scope of practice as set forth in the Illinois Nurse Practice Act of 2017 and American Nursing Association, and creates an environment that encourages lifelong learning and professional development.

This unique program is designed to prepare the student for the practice of professional nursing as defined in the Illinois Nurse Practice Act of 2017 and meets the requirements for schools approved for associate degree nursing by the Illinois Department of Financial and Professional Regulation (IDFPR).

The applicant should contact the Testing Services Office at the College. The Associate Degree Nursing Program entry packet can be located at the following link [http://www.jalc.edu/admissions/restricted-allied-health-admission](http://www.jalc.edu/admissions/restricted-allied-health-admission). The steps to be followed are specified in the packet.

In addition to completing a College application, the applicant must be able to do the following:

- provide proof of successful completion of an approved school of practical nursing
- successfully complete the associate degree nursing pre-entrance examination and the ASSET Test
- possess an unencumbered active Illinois LPN license

The selection procedures are listed in the admissions packet.

The ADN program goals follow the American Nurses Association Scope & Standards of Practice (Third Edition) for a Registered Professional Nurse.

**The goals of the ADN program are to prepare entry level RN’s:**

1. To collect pertinent data in a systematic, ongoing assessment process with compassion and respect for the individuals dignity, worth, and unique attributes.
2. To analyze assessment data to determine actual or potential diagnoses, problems and issues.
3. To identify expected outcomes for an individualized plan.
4. To develop or review a plan to help an individual attain expected, measurable outcomes.
5. To implement the identified plan.
6. To coordinate care delivery.
7. To employ strategies to promote health and a safe environment.
8. To practice ethically.
9. To practice in a manner that is congruent with cultural diversity and inclusion principles.
10. To communicate effectively.
11. To collaborate with peers, faculty and healthcare team.
12. To lead within the professional practice setting and the profession.
13. To seek knowledge and competence that reflects nursing practice.
14. To integrate evidence-based practice and research.
15. To contribute to quality nursing practice.
16. To evaluate one’s own professional practice, as well as, others’ nursing practice.
17. To utilize appropriate resources to plan, provide, and sustain evidence-based nursing services that are safe, effective, and fiscally responsible.

Upon satisfactory completion of the program, the student will be eligible to take the National Council Licensure Examination for Registered Nurses (NCLEX-RN).
