Mission:
The Mission of John A. Logan College: “To enrich lives through learning and community engagement.”

The mission of the dual credit and Early College program is to give high school students who attend a John A. Logan district high school, private high school or a home school student who resides in the John A. Logan College district the opportunity to earn college credit while still in high school.

Students taking Dual Credit and Early College courses are known to gain:

- An easier transition from high school to college
- A greater likelihood of completing their college degrees
- Cost savings for students and families
- Real experience in the expectations of college-level work
- Enhanced skills required in college success such as time management, critical thinking, and study skills

WHAT IS DUAL CREDIT AND EARLY COLLEGE?

Early College students are enrolled in public high school, private high school, or home school, and also attend John A. Logan College (JALC). These students receive college credit for their JALC courses, and may or may not receive credit at their high school. Please contact your high school counselor for more information about high school credit.

Dual Credit is earned by students as high school credit and JALC credit at the same time. A student can receive dual credit in a JALC class that is:

- Type A: Taught at a high school by a college qualified high school instructor.
- Type B: Taught at a high school by JALC Faculty. This type includes the dual credit cohorts taught at the extension centers.
- Type C: Taught by JALC faculty online, in a hybrid format, or via distance learning approved by an agreement with the high school.
- Type D: Taught at JALC during the school day by JALC Faculty with high school and college students (approved by an agreement with the high school)

Admissions Requirements:
Dual Credit/Early College is limited to students attending a JALC district high school or a home school student residing in the JALC district. High school students can begin taking courses and using the Early College waiver the summer after their sophomore year. High schools must approve all dual credit and Early College registrations. The tuition waiver expires when a student graduates from high school.

Students must also
1. Make course selections in consultation with their high school counselor, Dual Credit advisor, or parent administrator if home schooled.
2. Have placement test scores on file with the College. Most of our students take our Accuplacer test on campus or at their high school with a JALC proctor. JALC also accepts qualifying ACT/SAT scores. To schedule an Accuplacer test on campus, please visit the Testing Services page or click here.

3. Complete a registration form. You can fill out a registration form with your high school counselor and email it to us, or you can complete the online registration form and make an appointment with our office to discuss what courses will best fit your education plans.

4. Home school students must also have an updated high school transcript on file with the dual credit office each year.

Tuition and Fees

- Tuition and fees are waived for all dual credit classes taught by high school instructors. Students pay fees for dual credit taught by JALC faculty.
- For all courses besides Type A Dual Credit, the Dual Credit/Early College waiver covers up to 8 credit hours of tuition per semester. Students are responsible for all fees and course materials.
- There is a technology fee of $5 per credit hour. An activity fee is applied when students take six credit hours for fall and spring semesters of $65, and three credit hours in the summer for $40. There could also be individual course fees. Those vary by class and can be found here.
- Students are responsible for monitoring and paying all outstanding balances. If a student owes $200 or more at the beginning of each semester, the student will be required to pay the balance below that amount before enrolling in any dual credit or Early College courses.

Meeting with a Dual Credit/Early College Advisor

After meeting with a high school counselor, students are encouraged to arrange an appointment to meet with an Advisor in the Office of College Readiness. The Advisor can provide valuable insight to careers, programs offered at the College, and assist students interested in pursuing a degree after attending John A. Logan College. Contact the Office of College Readiness at (618) 985-2828, Ext. 8312 to schedule an appointment.

GRADE CHANGE REQUESTS

In general, high school students enrolled in dual credit courses are considered JALC college students and must follow the same course enrollment and withdrawal policies. However, the DCQA allows institutions to adopt policies to protect the academic standing of students who are not successful in dual credit courses. JALC allows students to submit a Grade
Change Request Form for any college courses taken while in high school. Forms may be completed on the College Readiness webpage at any time after the student’s final grade is posted. Forms will be reviewed by the Assistant Provost for Student Affairs. If approved, the applicable earned grade will be changed to a “W” on the student’s official JALC transcript and will no longer be factored into the student’s JALC grade point average. Once changed to a “W” students may not request for the grade change to be reversed.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)
Student records are maintained in a manner that protects the privacy of students and provides eligible students access to the information recorded. FERPA (PL92-380) provides that education institutions allow students to withhold from disclosure certain information regarded as public directory information. When completing the dual credit/early college application, all students waive their right to privacy and grant John A. Logan College official permission to share information regarding their performance with their parents, legal guardians, and/or high school personnel.

ACADEMIC POLICIES
Exemption Letters
To receive an exemption letter for a class a student does not qualify for, a student must meet all of the following requirements after taking two Accuplacer Tests:
1. Test Score within give points on applicable portions of the placement test
2. Minimum of a B grade in all prior, relevant high school coursework
3. Written consent of the dual credit instructor

Probation and Suspension
As stated in the John A. Logan College Student Rights and Responsibilities Manual:
Probation: A student who fails to maintain the required cumulative GPA (2.0) will be placed on probation for one semester. Probation is only a warning status. While on probation, the student is eligible for Pell Grants, ISAC monetary awards, scholarships, outside awards, or veterans’ benefits.

If, after the probation semester, the student does not have the required cumulative GPA of 2.0, the student may remain on probation if the semester GPA is at least 2.0.

If, after the probation semester, the student does not return to satisfactory academic standing or qualify to remain on probation, the student will be placed on academic suspension.

Academic Suspension
Failure to meet any of the aforementioned procedures will result in academic suspension subject to appeal to the Academic Progress Review Committee. Academic suspension is a state of involuntary separation of the student from the institution for a period of one calendar year.

Probation and Suspension is NOT recommended for ANY student at John A. Logan College and can harm your academic record.

For more information on the Academic Policies, please see the Student Guidebook.
