

Johnston City High School Dual Credit Effective Fall 2022 & Spring 2023

We are so glad you are interested in participating in the high school dual credit program! Below is a list of the dual credit available at your high school.

We have categorized the following sections to help you understand which courses are most valuable to your college career. General Education Courses (often called “generals”) are courses in a wide range of subject areas that must be completed to fulfill your core curriculum before you begin taking courses needed for your chosen college major. General Education courses fit into the following categories: Communications; Fine Arts & Humanities; Social & Behavioral Sciences; Mathematics; Life & Physical Sciences. Additionally, you need a few Electives to earn the minimum number of credit hours required to graduate. Electives allow you to do some career exploration, take classes needed for transfer to another institution, or just learn more about subjects that interest you. Please see the [program guides link](#) to make sure courses you are interested in taking will be beneficial for your college plan.

To learn more about the Dual Credit/Enrollment programs, please visit our [dual credit FAQ](#) for student registration requirements and other helpful information. You can also visit [our website](#) and our [Course Offerings](#) to assist you.

JALC Course Code	High School Course & Instructor	Scheduling Option	How to qualify
<i>The course's JALC code</i>	<i>What your high school calls this course</i>	<i>When it's available to add to your school schedule</i>	<i>What you need to achieve to be able to take this as dual credit beyond the standard JALC requirements for registration.</i>

**These education courses are offered as part of the Educators Rising program.			
Career Specific Courses			
Note: These courses do not normally count towards your graduation requirements for John A. Logan College on most transfer program guides. However, they can be extremely useful in building your skills and knowledge base and may be accepted by transfer schools. Please check with your school counselor or the JALC Dual Credit Office to find out how these courses will help you meet your educational and career goals.			
NAD 101	Nursing Assistant	Senior	JALC Reading Benchmark/ JCHS Application & Instructor Consent
This course is a great introduction for nursing and for students in the medical field. This course is not required for a JALC nursing degree, but has the benefit of giving students a credential that enables them to work in the nursing field and gain experience while pursuing further educational goals.			
BUS 116	Keyboarding	Junior or Senior	Standard JALC requirements
This course is helpful for students preparing for future coursework and applicable for certain programs.
