

Federal Student Aid Regulations provide the potential for re-evaluation if your financial circumstances change. The 2017 income information that you reported on your financial aid application may not be an accurate indicator of your ability to pay for educational costs. Your parents must meet one of the circumstances indicated below to qualify for re-evaluation of your financial aid eligibility.

Once you have completed all steps below, call the financial aid office to make an appointment with the director. Bring this form along with the **required supporting documentation** to the appointment. Submission of this form does not guarantee a change in your financial aid eligibility.
