

Community Education General Information

Fall Semester Classes Begin September 7, 2021

Registration begins August 23, 2021. Online Registration Preferred!

***While John A. Logan College desires to continue to plan for more face to face classes, the safety of our community members in the midst of the COVID-19 pandemic is our highest goal. Community Education classes are being scheduled for Fall 2021, but will be cancelled or rescheduled if not in compliance with meeting restrictions in place when courses meet.

Effective Friday, August 20th, all faculty, staff, students and visitors must wear masks (face coverings) indoors while on campus, regardless of vaccination status. Vaccinated faculty and staff are permitted to remove their masks in their offices when they are not engaged with students or visitors, or, upon approval of all meeting attendees. The College highly recommends students and visitors wear masks (face coverings) while indoors on campus regardless of vaccination status.

- PAYMENT IS DUE AT THE TIME OF REGISTRATION.
- CLASSES MUST HAVE A MINIMUM OF 12 STUDENTS REGISTERED AND PAID 48 HOURS PRIOR TO START DATE, UNLESS OTHERWISE NOTED. **NO WALK-IN REGISTRATIONS!**

Non-Credit Refund Procedures Administrative Procedure 732 Refunds for non-credit classes, training, and events vary depending upon originating departments. Participants who fail to cancel enrollment during the designated drop period will not be eligible for a refund. Refunds for extenuating circumstances will be considered if made in writing to the administrator of the respective department below. **CENTER FOR WORKFORCE DEVELOPMENT** Refunds of 100% will be made for non-credit workforce and vendor-sponsored workforce training classes/events if cancellation is received two business days prior to the start date of the training. Participants should contact the Center for Workforce Development to cancel enrollment. **COMMUNITY EDUCATION** Refunds of 100% will be made for non-credit community education public service classes/events if cancellation is received two business days prior to the start date for classes meeting one or two sessions, or prior to the beginning of the third session for classes meeting three or more sessions. Students may cancel enrollment online through their Higher Reach account or by contacting the Community Education department. **LOGAN FITNESS** Refunds of 100% will be made for non-credit fitness classes if cancellation request is received prior to the beginning of the third-class session.

Affirmative Action, Non-Discrimination of Disabled. John A. Logan College is committed to equal access and equal opportunity for all students. Admission, financial aid, student employment, curriculum requirements, extra-curricular participation, counseling, placement service, athletic programs, or any other service or program of the college, shall be provided without regard to sex, race, color, religion, age, national origin, or disability when such college activity is consistent with the applicable laws and regulations.

The admission and retention, as well as services, programs, and activities for, students with identified disabilities will be in accordance with applicable laws and regulations.

Insurance. John A. Logan College does not provide accident insurance for any student registered in a community education class. Students wanting such coverage should make arrangements with their local insurance agent.

VOICEOVERS – AN INTRODUCTION

(PS 543). “Wow, you have a great voice!” Have you heard that more times than you can count? Or maybe you listen to your favorite audiobooks, commercials, or cartoon characters and think, “I could do that!” Want to earn income using your talents from the comfort of your home? If so, then you could have what it takes to begin working as a professional Voiceover Artist. Explore the voiceover industry with your instructor, a professional, working voice actor from the voice acting training company, Voices For All, in a one-on-one, personalized, video chat setting. Discover the current trends in the industry and how easy and affordable it can be to learn, set up and work from home. In this one-time, 90-minute, introductory class, you'll also learn about the different types of voiceovers and the tools you'll need to find success. Your instructor will record you as you read a real script, then offer you some coaching so you can improve your delivery. Your instructor will take notes on your performance and create a professional voiceover evaluation delivered to you in a follow up call. After the class, you will have the knowledge necessary to help you decide if this is something you'd like to pursue. Learn more: <http://www.voicesforall.com/ooo> 18 and over. You owe it to yourself to finally explore the possibilities of this fun and rewarding field! Cybint Bootcamp

Get the Skills. Land the Job.

The Cybint Bootcamp covers the hands-on and practical skills necessary for Bootcampers to land high-paying careers in cybersecurity, one of the world's fastest growing industries. The Cybint Bootcamp is an accelerated cybersecurity training program designed to successfully prepare people with little or no background in IT for entry level jobs in cybersecurity, a highly in-demand and lucrative career path. The Bootcamp is delivered in a blended format at a Cybint Certified Center with both on campus learning and online self-paced activities.

Why Cybersecurity?

Cybersecurity is the fastest growing market in technology with 30x growth over the last decade.

Cybint 

How it Works

The Cybint Bootcamp was developed around military training methodologies and hands-on learning. We know that everyone learns differently which is why Cybint offers Bootcampers with two accelerated tracks:

- Full time, 3 months: 4 hours on-site with the Bootcamp Facilitator and 4 hours individual online work.
- Part time, 6 months: This will cover the same content, over a longer period of time and with on-site classes occurring only twice a week, 4 hours each day.

During Bootcamp

- Self-paced and flexible learning with instant feedback
- Curriculum based on National Initiative for Cybersecurity Education (NICE)
- Access to Cybint Cyber Experts for Q&A
- Guidance on job searching and resume building

Upon Graduation

- 12 months of continued access to Cybint's online learning platform
- Connection to our alumni and career network
- A new career in: Cyber Forensics Analyst, Network Operations Specialist, Cyber Analyst, Cyber Incident Responder, Cyber Infrastructure Support Specialist

**480 Hours of
quality content**

WEEK 1

- Introduction to the Bootcamp
- Overview of the Cybersecurity Landscape and Industry
- Basics of Computer and Device Hardware, Software, Operating Systems and Processes
- Basics of Networking Traffic, Hardware Components and Topology
- Network Communication Principles and Methods

WEEK 3

- Hands-on Creation and Analysis of Telnet, Web, Data and Active Directory Servers
- Hands-on Analysis of Network Topologies, Network Mapping and OS Fingerprinting
- Telecommunication Concepts and Range • System and Network Admin Concepts, Management Principles and Controls
- Hands-on Creation and Use of Virtual Machines and Bootable USB OS

WEEK 2

- Network and Routing Protocols / Services
- Packet Level Traffic Analysis
- Hands-on Operation of a Computer Network and Equipment, Monitoring and Analyzing Network Traffic Flow, Patterns and Performance
- Hands-on Creation and Analysis of Critical Network Servers.

WEEK 4

- Overview of Threats, Classes, Attackers, Tactics, and Application Security Risks (OWASP)
- Hands-on Communications Security through Encrypting and Decrypting Data and Medias
- Hands-on Backup and Recovery of Data, Devices and Servers
- Network Security Principles, Methods, Protocols, Components and Architectures

WEEK 5

- Hands-on Assessment of Access Controls and Hardening Techniques to Ensure a Network's Security
- Hands-on Configuration and Utilization of a Firewall (on Windows, Linux and Hardware Firewall)
- Hands-on Configuration and Utilization of a Network/Host Intrusion Detection/Prevention System to Alert and Prevent Malicious Activity on a Network

WEEK 7

- Cyber-Forensic Investigation Methodologies, Mindset, Tools
- Hands-on Forensics Investigation: Logs, System Files, Media, Memory Dump and Traffic Monitoring and Analysis

WEEK 9

WEEK 6

- Hands-on Configuration and Utilization of a Security Information and Event Management System to Correlate, Research, Analyze Logs and Provide Timely Detection of Misuse, Threats and Malicious Activity on the Network
- Hands-on Malware Detection, Analysis, Isolation and Removal

WEEK 8

- Overview of Network Vulnerabilities, Associated Attacks; Ethical Hacking Methodologies, Stages, Principles, Tools and Techniques
