About the Diversity Challenge

John A Logan College (JALC) recognizes that an ethnically, racially and culturally diverse student and faculty community enhances the educational experience of all students. As educators, we acknowledge our responsibility to provide dynamic learning opportunities that will prepare our students for success in an ever-changing global environment.

Our campus-wide [Diversity Challenge Program](#) is an initiative designed to engage our students, faculty, staff and local community in culturally enriching activities that promote learning, reflection and celebration around equity and inclusion.

We have prepared a repository of resources for the purpose of expanding our appreciation of our local cultures. We challenge you to embrace this initiative by participating in various programs and events we host to celebrate our diversity. We hope the resources we provide educate, inspire and deepen your knowledge and understanding of the complexity of our society and the importance of ongoing Diversity, Equity and Inclusion conversations and programming in promoting a sense of belonging, unity and justice.

Please note that participation in our diversity events and programming is voluntary. It is a great opportunity to continue to have constructive conversations around issues that are critical to our common good.
