*Theme: Togetherness in Hope, Healing, Love, Nurturing, Community, and Peace*

Welcome to our 2022 World Music and Food Day! We are so excited to bring another fun experience after the past few years of COVID-19 challenges and other threats around the globe. Our theme this year will be Togetherness in Hope, Healing, Love, Nurturing, Community and Peace and we will feature ethnic foods and music of hope, healing, love, community, and peace from around the world. We hope this will boost our feelings of positivity as we strive to close the chapter of the COVID pandemic and move beyond it.

Dumplings! Dumplings are a universal type of food. Do you know that there are more than 40 different kinds of dumplings around the world? We will feature different samples.

## WORLD COMMUNITY OUTREACH FOR THE DAY!

### Madagascar

As reported by ABC News' David Muir, countries like Madagascar are in urgent need of food aid. Climate change is forcing millions of people across the world to the precipice of famine. In Madagascar alone, consecutive droughts have wiped out harvests and left families without food.

### Ukraine

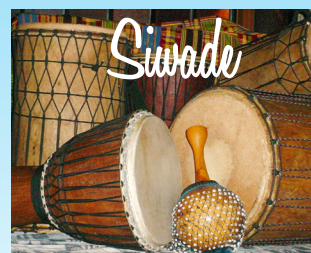

The devastating eruption of war in Ukraine is driving hundreds of thousands of families from their homes and into hunger.

Save lives with your donation/gift to World Food Program USA or UNICEF to help children and families in these countries.
