PHILOSOPHY

John A. Logan College believes in the inherent worth and dignity of the individual. Derived from that belief is the concept that education is important to the cultural, intellectual, and social enlightenment of the individual; that high-quality educational opportunities are the right of the citizens to whom the College belongs; and that education is vital to the area's economic growth. Because our citizens have worth, dignity, and potential regardless of their age, economic status, or social station, the College assumes the obligation to serve its citizens through an open-admission concept with lifelong learning opportunities.

Within the limits of the College's ability to attain and maintain a solid financial base, it is ready and eager to provide low-cost traditional and non-traditional education opportunities whenever, wherever, and however they are needed by the citizens to improve the quality of their lives.

CROSS REF.: BOARD POLICIES 3110; 3112

Within the scope of his/her duties and responsibilities, the John A. Logan College faculty member, as a citizen and a member of a learned profession, has both the right and obligation to adequately investigate and present to his/her students the available information pertaining to a given question. It is the responsibility of the faculty member to identify his/her own personal viewpoint on controversial issues should they arise in the course of relevant discussion.

Students, having learned the difference and similarities between facts and opinions, are free to arrive at their own conclusions.

Outside the college realm, faculty members speak and write as citizens and should be free from institutional censorship or discipline. The faculty member recognizes, however, that the public may judge his/her profession and institution by his/her remarks, both oral and written. Therefore, at all times should the faculty member be accurate, show respect for the opinion of others, and make every effort to indicate that he/she communicates as an individual citizen, not as an institutional spokesman.

The Board of Trustees recognizes its responsibility to encourage the search for and analysis of knowledge and to protect the academic freedom of its faculty and students to pursue such search and analysis.

Compliance with federal copyright law is expected of all faculty, staff, and students.

Copyright is a form of legal protection for authors of original works in a fixed medium, including artistic, dramatic, literary, musical, and other intellectual products. In order to use a copyrighted work, faculty, staff, and students must either obtain permission from the copyright holder, or qualify for a legal exception from obtaining permission, as required by copyright law. John A. Logan College views drug or substance abuse, including alcohol abuse, as having a debilitating effect upon a person's physical and emotional well-being. Further, in accordance with the existing law, and sound educational practice, the College strongly discourages drug or substance abuse by any of its students, faculty, staff or officers.

In addition to enforcing (or aiding in the enforcement) of laws that regulate such abuse, the College does provide drug and alcohol abuse prevention information (program) through its health classes as well as through its professional counseling staff for individuals who seek such information.

While the College does not have a rehabilitation or counseling program for drug and substance abusers, it will assist, when called upon, in aiding an individual seeking help through appropriate referrals to certified drug and substance abuse counselors in the area. **Information about such programs can be obtained confidentially from the Office of Human Resources.**

Any College employee engaged in the performance of a contract or grant with the State of Illinois shall be provided a copy of the Notice Regarding Drug-Free Workplace, which is set forth below.

A copy of the Notice Regarding Drug-Free Workplace shall be posted in a prominent place at the College.

Medical Marijuana

John A. Logan College prohibits the possession or use of all cannabis, cannabis products, or any substances containing THC (tetrahydrocannabinol) on campus or at any College-sponsored event or activity off-campus. This prohibition includes the possession and use of medical marijuana. The Compassionate Use of Medical Cannabis Pilot Program Act, an Illinois law that permits the use of medical marijuana by persons possessing lawfully issued medical marijuana cards, also states: "Nothing in this Act shall prevent a university, college, or other institution of post-secondary education from restricting or prohibiting the use of medical cannabis on its property." Additionally, John A. Logan College is required to certify that it complies with the Drug-Free Schools and Communities Act (20 U.S.C. 1145g part 86 of the Drug and Alcohol Abuse Prevention Regulations). The federal government regulates drugs through the Controlled Substances Act (21 U.S.C. § 811) which does not recognize the difference between medical and recreational use of marijuana. Thus, to comply with the Federal Drug-Free School and Communities Act, John A. Logan College prohibits all cannabis use, possession, manufacture or distribution.

John A. Logan College places a high priority on the need to prevent the spread of chronic infectious diseases on its campus. The College is committed to educating its staff, students and the community about infectious diseases, **particularly since** there is currently no cure **for particular diseases, such as Human Immunodeficiency Virus (HIV) Infection – the cause of** Acquired Immune Deficiency Syndrome (AIDS), **and Hepatitis C**. Education regarding the methods by which these viruses may be transmitted and how to prevent transmission is essential. The adoption of this policy indicates the intention of John A. Logan College to promote the health and regular attendance of our students so they may attain their maximum potential for learning.

STUDENTS WITH CHRONIC INFECTIOUS DISEASES

Students with identified chronic communicable diseases may attend normal school functions, including classes, whenever, through reasonable accommodation, the risk of transmission of the identified disease and/or the risk of further injury to the identified student is sufficiently remote in such a setting as to be outweighed by the detrimental effects resulting from the students' exclusion from these normal school functions. Placement decisions will be made using this standard in conjunction with current, available public health department guidelines, i.e., county, state, federal and the Center for Disease Control **and Prevention**, concerning the particular disease in question. Individual incidents will not be prejudged; rather, decisions will be made based upon the facts of the particular case. The determination of whether a student with a chronic communicable disease may attend college shall be made in accordance with procedures implemented by the College.

The College shall respect the right to privacy of any student who has a chronic communicable disease. The student's medical condition shall be disclosed only to the extent necessary to minimize the health risks to the student and others. The number of personnel aware of the student's condition will be kept at the minimum needed to assure proper care of the student and to detect situations in which the potential for transmission of the disease may increase. Persons deemed to have "a direct need to know" will be provided with the appropriate information; however, these persons shall not further disclose such information.

EMPLOYEES WITH CHRONIC INFECTIOUS DISEASES

Employees with identified chronic communicable diseases shall be permitted to retain their positions whenever, through reasonable accommodation of the employee's physical condition and without undue hardship to the employer, there is no reasonable risk of transmission of the disease to others. Such employees shall remain subject to the Board's employment policies, including, but not limited to the current collective bargaining agreement in effect, sick leave, physical examinations, temporary and permanent disability and termination.

Employment decisions will be made by utilizing the general legal standard in conjunction with current, available public health department, i.e., county, state, federal and the Center for Disease Control **and Prevention**, guidelines concerning the particular disease in question. Individual cases will not be prejudged; rather, decisions will be made based upon the facts of the particular case. The determination of an employee's continued employment status will be made in accordance with procedures implemented by the College.

The College shall respect the right to privacy of any employee who has a chronic communicable disease. The employee's medical condition shall be disclosed only to the extent necessary to minimize the health

risks to the employee and others. The number of personnel aware of the employee's condition will be kept at the minimum needed to detect situations in which the potential for transmission may increase. Persons deemed to have "a direct need to know" will be provided with the appropriate information; however, these persons shall not further disclose such information.

ENFORCEMENT GUIDELINES

1. Students identified as having a chronic communicable disease(s) will have the same rights and responsibilities outlined in the Student Rights and Responsibilities Handbook, and any special treatment of such students will be in accordance with the procedures in that handbook.
2. Any employee identified as having a chronic communicable disease(s) will have his/her situation handled through provisions presently contained in the contract between the **employee's bargaining unit** and the Board of Trustees and/or existing College policies.
3. Any disciplinary action, reassignments, or other necessary or desirable changes in the status of a student or an employee will be handled with the strictest confidentiality, on an individual basis, and in accordance with existing law and College policy.
4. Medical records relevant to the case of any student or employee identified as having a chronic communicable disease(s) may be requested by the College to become a part of the file of such cases.
5. Any student or employee with an identified chronic communicable disease where some action in regard to that disease is taken by the College will have all appeal procedures available to them as contained in College policy, and, in the event such procedures may not be clear to the student or employee, satisfactory procedures will be worked out between the College and the employee or student.

10. No Sexually Explicit Sites. College-owned equipment, hardware, and infrastructure shall not be used to visit sexually explicit or otherwise offensive or inappropriate Web sites, or to send, display, download or print offensive material, pornographic or sexually explicit pictures or any other materials which would be found offensive by most reasonable people. Content filters which are designed to disrupt access to these materials shall not be bypassed or altered without prior approval of the Chief Information Technology Officer.

11. Solicitation Prohibited and/or Restricted. The electronic mail and Internet/LAN systems may not be used by College employees to solicit or proselytize for outside or personal commercial ventures, religious or political causes, outside organizations, or other solicitations that are not job-related. JALC may provide access to a public electronic bulletin board system which will facilitate voluntary participation in non-business related messages and other transactions. Employees shall not engage in activity which violates the Illinois Governmental Ethics Act (5 ILCS 420/1-101 et seq.).

12. Viruses. Employees or students may not use JALC e-mail or Internet systems to develop or send any virus or otherwise destructive programs. Employees or students should not open e-mails or attachments unless they are confident of the identity of the sender and the content of any attachments.

Any attempt to bypass current bandwidth management systems is strictly prohibited.

JALC reserves the right to review, audit, intercept, access and/or disclose any and all traffic in the system, including messages or material, including attachments created, received or sent, web sites visited and/or files downloaded over the College's electronic mail or Internet/LAN systems. Authorized representatives of the College may monitor the use of its systems at any time, with or without notice to any user and may by-pass any password. Such monitoring is capable of tracking and recording e-mail messages sent and received as well as web sites visited by employees and students.

15. Confidentiality. The confidentiality of any message or material should not be assumed. Even when a message or material is erased, it may still be possible to retrieve and read that message or material. Further, the use of passwords for security does not guarantee confidentiality. Messages read in HTML may identify the reader to the sender. Notwithstanding JALC's right to retrieve and read any electronic mail or Internet messages or material, such messages or material should be treated as confidential by other employees or students and accessed only by the intended recipient. Employees and students are responsible for maintaining the confidentiality of material on the systems. Without prior authorization from the President or a designated representative, employees or students are not permitted to retrieve or read e-mail messages that are not sent to them. The contents of electronic mail or Internet messages or material maybe disclosed to others for enforcement of this policy.

16. **Representation of College.** Employees and students should be aware that Internet sites accessed from JALC's computer network may identify the College as the originator of each visit. Employees should make clear when they are or are not representing the College in their e-mail or Internet communications. Usage of an appropriate disclaimer on the footer of all messages is encouraged.

17. **Disciplinary Action.** A violation of this policy may result in disciplinary action ranging from a verbal warning up to and including discharge from employment, expulsion from school and/or pursuit of legal action in accordance with policy and collective bargaining agreements.

The purpose of this policy is to provide a healthy, clean, and safe environment for all students, staff, and the general public who use College facilities. This policy recognizes that smoking is a matter of individual choice that should not infringe on the rights and desires of other individuals. Furthermore, the College must comply with the Smoke-Free Campus Act (110 ILCS 64).

It is intended that this policy be self-enforcing primarily. However, faculty, staff, students, and student government are expected to assist with enforcement. In instances where faculty, staff, and student government members can identify repeat offenders, the campus police staff is to be called to assist with enforcement. Student offenders who continually violate the policy will be referred to the Vice-President for Business Services & CFO for disciplinary procedures under the ***Student Guidebook***. Faculty and staff offenders will be disciplined through regular administrative channels within their division at the College.

Facilities and property owned or controlled by John A. Logan College are established as smoke-free effective July 1, 2015. Smoking is permitted under this policy and the Smoke-Free Campus Act in personal automobiles only. For purposes of this policy and the Smoke-Free Campus Act, the use of “E-Cigarettes” is strictly prohibited unless within a personal automobile.

This policy provides that no tobacco products are to be sold or given out as complimentary items on campus. Signs will be posted at all main campus entrances, clearly indicating the campus is a Smoke-Free Campus. The success of this policy will depend on the guiding principle that everyone has the right to breathe clean air and that this right is more important than an individual’s right to choose to smoke.

POLICY STATEMENT

In conducting its operations in compliance with federal and state laws and regulations, John A. Logan College is committed to the highest level of integrity. To ensure this standard of integrity is maintained, individuals are encouraged to report or disclose allegations of internal wrongdoing.

The College will investigate any possible fraud, fraudulent act, or misconduct regarding the dishonest use or misuse of College resources or property by faculty, staff, or students. Anyone found to have committed fraud relevant to College assets is subject to disciplinary action by the College, up to and including termination or expulsion, and investigation by external criminal justice authorities when warranted. The College will cooperate in any way with the ensuing investigation of fraud.

DEFINITION OF FRAUD

A deliberate act (or failure to act) with the intention of obtaining an unauthorized benefit, either for oneself or for the institution, by using deception or false suggestions or suppression of truth or other unethical means, which are believed and relied upon by others. Depriving another person or the institution of a benefit to which he/she/it is entitled by using any of the means described above also constitutes fraud. Examples of fraudulent acts include, but are not limited to, the following:

1. Crimes or violations of the law or governmental regulations.
2. Forgery or unauthorized alterations of documents or computer files.
3. Fraud or financial irregularity.
4. Fraudulent reporting.
5. Improper use of College funds, property or assets by employees or students.
6. Corruption, bribery or blackmail.
7. Endangering the health or safety of an individual.
8. Harming College property.

STUDENT FRAUD

Fraudulent statements that might affect the student's eligibility for student financial aid may include, but are not limited to: the use of false identities and/or social security numbers; forgery of signatures or certifications; false claims of income, citizenship, or independent student status; and false certifications relating to previous attendance at other post-secondary institutions, defaults, and repayments.

PROTECTION OF WHISTLEBLOWERS

The College will not tolerate harassment or victimization of those who report incidents of wrongdoing. Appropriate action will be taken to protect whistleblowers, including their anonymity.

Upon completion of an investigation, his/her name may be disclosed if the alleged wrongdoer is found guilty. In addition, the wrongdoer who is found guilty will face personnel action or appropriate legal action.

Whistleblowers should not confront the individual under suspicion or initiate investigations on their own. Such action may compromise any ensuing investigation and violate the individual's constitutional rights.

FRAUD PREVENTION OFFICER

A Fraud Prevention Officer will be the Vice-President for Business Services & CFO, and the individual will have overall responsibility for the maintenance and operation of the fraud prevention program. When a complaint involves the Fraud Prevention Officer or the immediate staff, the report will be submitted to the President. The Fraud Prevention Officer or the President will maintain a record of reported incidents and related outcomes.

If a complaint of wrongdoing involves the President of the College, the Fraud Prevention Officer will immediately notify the chair of the Board of Trustees. However, upon the receipt of a complaint involving a Board of Trustees member, the President will immediately bring the complaint to the attention of the entire Board of Trustees membership.

Any finding of fraud will be reported to the Higher Learning Commission and the U.S. Department of Education along with corrective actions.

CONFIDENTIAL REPORTING

Reporting of fraud to the Fraud Prevention Officer will be confidential.

ACTING IN GOOD FAITH

Anyone reporting an irregularity that is detected or suspected must be acting in good faith and have reasonable grounds for believing the information provided. Allegations made maliciously or with knowledge of their falsity will not be tolerated. People making such allegations may be subject to institutional disciplinary action and/or legal action by the individuals accused of fraudulent conduct.

RESPONSIBILITIES

John A. Logan College administrators and all levels of management are responsible for maintaining a system of internal controls which prevent, detect, or deter fraudulent or dishonest conduct. Each member of the management team is expected to recognize risks and exposures inherent within his or her area of responsibility and to be alert for any indication of irregularity. Management should contact the Fraud Prevention Officer as soon as fraud is detected or suspected.

Employees who know or suspect that other employees are engaged in a fraudulent act have a responsibility to report such activity to their supervisor or appropriate administrator. However, in the interest of confidentiality, or if the employee is uncomfortable reporting to their supervisor or administrator, the employee may notify the Fraud Prevention Officer directly.

Any employee who is aware of fraud and does not immediately report it will be subject to disciplinary actions.

WHISTLEBLOWER PROTECTION

In conducting its operations in compliance with federal and state laws and regulations, John A. Logan College is committed to the highest level of behavior. To ensure this standard of ethics is maintained, individuals are encouraged to report or disclose allegations of internal wrongdoing.

A whistleblower is someone who exposes wrongdoing, fraud, corruption, and/or waste. The Illinois Whistleblower Act protects every citizen -- including state and local government employees -- when they blow the whistle on government corruption.

Your identity as a whistleblower is kept confidential, except in rare circumstances where disclosure is required by law.

If you are a College employee and you perform the following protected activity:

- disclose or threaten to disclose to your supervisor or any public body something you believe is illegal; or
- provide information to any public body conducting an investigation into corruption; or
- participate in a proceeding to enforce the State Officials and Employees Ethics Act;

the College cannot retaliate through a reprimand, discharge, suspension, demotion, or denial of promotion or transfer.

However, adverse action (such as disciplinary action) by the College is not a violation of the Whistle Blower Protection Act if it is demonstrated by clear and convincing evidence that the College officer has taken the same unfavorable personnel action in the absence of the performance of the protected activity.

Tips for Successful Whistleblowers

1. Successful whistleblowers need evidence. Be sure to keep records and documentation of corrupt activity.
2. Don't break any laws yourself. Exposing corruption will not necessarily relieve you of liability. If you are worried about your behavior, seek independent legal advice.
3. Read your employment contract. Your union or other employment contract may contain whistleblower protections.
4. Whistleblowers should not confront the individual under suspicion or initiate investigations on their own. Such actions may compromise any ensuing investigation and violate the individual's constitutional rights.

ADMINISTRATIVE PROCEDURES 308, 807

STATEMENT

As stated in Board Policy 3510, John A. Logan College is committed to equal access and equal opportunity for all employees.

The College has established a complaint procedure for the prompt and equitable resolution of employee complaints. Employees who believe that they have been a subject of discriminatory conduct by the College, or one of its agents, on the basis of race, color, national origin, age, sex, less than honorable discharge from the military, sexual preference, disability, a person who has sought an order of protection, or any other classification protected by law are encouraged to use the complaint procedure established below. These procedures also apply to Title IX (gender equity) and Section 504 (disability) complaints.

COMPLAINT PROCEDURE

Every employee must end and/or avoid any conduct that could reasonably be interpreted as discrimination or harassment under this policy, even if such conduct was not intended as offensive. Conversely, employees are expected and encouraged to inform others in the workplace whenever conduct is unwelcome, offensive, or in poor taste.

John A. Logan College expects the immediate reporting of all perceived incidents of discrimination, harassment, or retaliation, regardless of the offender's identity or position, or the perceived severity of the incident. Failure of an employee to report such incidents will subject the employee to discipline, up to and including discharge. Individuals who believe that they have been subjected to harassment (or who have reason to believe that someone else has been subjected to harassment) should discuss their concerns with the Executive Director of Human Resources unless such Director is the alleged harasser, in which case it should be discussed with the Provost. The employee may prepare a statement in writing and/or be prepared to discuss the following:

1. The name, department, and position of the person or persons allegedly causing the harassment.
2. A description of the incident(s), including the date(s), location(s), the presence of witnesses, and the names of other employees who might have been subject to the same or similar harassment.
3. The alleged effect of the incident(s) on the complainant's position.
4. The steps the complainant has taken to try to stop the harassment.
5. Any other information the complainant believes to be relevant to the harassment complaint.

Any reported allegations of harassment, discrimination, or retaliation will be investigated promptly by the appropriate Vice-President or Provost with assistance from the Office of Human Resources. The investigation may include individual interviews with the parties involved and, where necessary, with individuals who may have observed the alleged conduct or may have other relevant knowledge.

***Discrimination/Equal Opportunity Grievance Policy
for John A. Logan College Employees***

3511

1. Confidentiality will be maintained throughout the investigative process to the greatest extent possible.
2. Anonymous complaints will be accepted; however, the College may be limited in its options in investigating or resolving anonymous complaints due to a limited ability to collect additional information.
3. Appropriate action, which may include disciplinary up to and including termination, will be taken against any employee found to have engaged in discriminatory conduct. If an employee is concerned about behavior or harassment by another employee that occurs outside of the workplace, they will be encouraged to contact appropriate law enforcement officials.
4. Retaliation against an individual for reporting harassment or discrimination or for participating in an investigation of a claim of harassment or discrimination is a serious violation of this policy and, like harassment or discrimination itself, will be subject to disciplinary action, not to exclude termination. Acts of retaliation should be reported immediately and will be promptly investigated and addressed.

The College shall maintain an Emergency Response Plan that is National Incident Management System (NIMS) compliant in accordance with the Campus Security Enhancement Act of 2008, as revised.

The authority to declare a campus state of emergency and declare an end to a state of emergency rests with the College President or his/her designee.

In the event of an emergency, as defined in the Emergency Response Plan, the Campus Police Department shall immediately place the appropriate procedures necessary to meet an emergency, safeguard persons and property, and maintain educational facilities. After initial response, and depending upon the nature and magnitude of the event, an incident commander outside the Campus Police Department may lead the actions taken by the College. The incident commander, command staff, and general staff responding, as identified in the Emergency Response Plan, have delegated authority to act as necessary to stabilize the incident. The incident commander will consult with the president as soon as possible regarding the emergency and possible need for a declaration of a campus state of emergency.

During the first twenty-four (24) hours of the incident and after a declaration of a campus state of emergency, Board Policy 7154 -- Purchasing, is suspended to allow for quick response and to minimize injury, loss of life, and damage to property. Suspension of this policy applies only to those assigned responsibility in the College's Emergency Response Plan and for the execution of such.

During a state of emergency, only those persons authorized by the incident commander will be allowed on the campus. Those who cannot present proper identification and/or not authorized to be present are subject to arrest.

The Emergency Response Plan, including the persons identified to fulfill various emergency responsibilities in the plan, shall be approved by the Business Services Advisory Committee.

PURPOSE

John A Logan College is committed to enhancing the quality of campus life by integrating the best technology practices of safety and security. The utilization of security cameras is a critical component of a comprehensive security program. Camera coverage of public areas is intended to provide the Campus Police Department with a valuable resource for investigating crimes, accidents, and other incidents which occur on campus.

The following guidelines address the College's safety and security needs while respecting individual privacy. This policy will guide the process of installing surveillance equipment on College property and will address the viewing, retention, dissemination, and destruction of recordings.

RESPONSIBILITY

The Chief of Police (Chief) is authorized to oversee and coordinate the use of security cameras at John A Logan College. The Chief is responsible for disseminating the policy and assisting other departments in implementing procedures related to this policy.

The Chief has the responsibility to purchase and authorize the installation of security cameras in accordance with this policy.

The Chief will monitor new developments in relevant laws and security industry practices to ensure the use of security cameras at the College is consistent with the highest standards and compliant with all federal, state, and local laws.

The Chief will accept input from other College employees and groups regarding camera locations, and will periodically review camera locations to ensure compliance with this policy. The Campus Police Department, in conjunction with Information Technology, will maintain a list of camera locations, a general description of technology deployed, and camera capabilities.

The Chief will review all requests received from outside agencies to release recordings from the security cameras. No release of security camera recordings will occur without authorization by the Chief and the Vice-President for Business Services & CFO.

CAMERA PLACEMENT

Cameras may be placed on a temporary or permanent basis in public areas of John A Logan College. The security cameras shall not make audio recordings.

Security cameras shall not be placed in private areas of campus, except in cases of criminal investigations and in accordance with Illinois law. Private areas include private offices, bathrooms, shower areas, locker and changing rooms, any other areas where a reasonable person might change clothing.

Security cameras shall not be directed or zoomed into windows or doorways of private rooms, nor any private building not on College property.

This document does not apply to covert cameras used by Campus Police for criminal investigations, as governed by Illinois law. The Chief shall approve the installation of covert cameras.

CAMERA USE AND MONITORING

The existence of this policy does not imply or guarantee security cameras will be monitored in real-time. However, the College reserves the right to do so. Real-time monitoring of the security cameras will be conducted only by authorized officers of the Campus Police Department in the course of normal duties. Non-police employees shall not monitor or view video except as necessary in the course of an investigation by Campus Police and with the prior written approval of the **Chief**. Review of the recorded video shall require prior written authorization of the **Chief** and be logged electronically by the user. In cases of an ongoing crime or recent incident where immediate review of the recording would assist in the investigation, or in cases where the **Chief** is not available, Campus Police employees may access the necessary recording. In these situations, the employee shall prepare a memo to the **Chief** setting out the reason for accessing the recording.

Should the Chief determine it necessary to aid in an investigation or search, small video clips or image stills may be released to the media or the public. Such release will be coordinated with the College's Assistant Vice-President of Marketing, Communications, and Public Relations.

Cameras are not to be used to monitor individual students, faculty, or staff, except as necessary for a criminal investigation, in accordance with Illinois law.

Cameras may be used to monitor a work area, such as in areas where financial transactions occur. Cameras in these areas should not be able to view the contents of computer screens.

Security cameras will not be utilized to prosecute petty violations, such as parking violations.

Security cameras will not be monitored by any department or staff to evaluate employee performance.

Select Information Technology staff who are tasked with installation, maintenance, or adjustment of cameras are approved for incidental access to the footage if such access is directly in conjunction with those aforementioned duties.

Reasonable notification of the presence of security cameras will be implemented and will include notice at primary building entrances.

Security cameras shall be used exclusively for campus safety and security purposes. Monitoring individuals based on characteristics of race, gender, ethnicity, sexual orientation, disability, or other protected classification is strictly prohibited.

STORAGE, RETENTION, AND RELEASE OF RECORDINGS

Recordings will normally be retained for a length of time specified in administrative procedure depending on the location of the camera and the activity level in the area.

Video recordings shall only be accessible to authorized personnel and will be password protected to ensure a proper audit trail for access to the recordings.

The Chief shall be responsible for authorization of the permanent storage of any recordings, which may be required for court proceedings.

Any dissemination of recordings to other than law enforcement organizations must be authorized by the Chief, the Vice-President for Business Services & CFO, and College Legal Counsel.
