Classes held in public schools do not meet on days that those schools are not in session due to holidays, snow days, etc., but this time must be made up through special arrangements with the school administration. There will be no classes in community education when the regular College credit classes are not in session. **Examples:** Thanksgiving, Christmas, Spring Break, Snow Days, the Friday and Saturday prior to Easter, Independence Day, Labor Day, Veterans Day, Martin Luther King's Birthday, Lincoln's Birthday.

Please note that the College is on spring break during one week in March. We encourage you to cancel your classes during this week unless there are extenuating circumstances. If you have had to miss a week or two already due to sickness, etc. and would like to meet, **make sure you let the CE Office and your students know.** Please be aware that distribution may not be delivering equipment during spring break. The buildings are open but the maintenance department often has rooms taken apart for special cleaning and your classroom may not be available.

Any classes missed during the semester must be made up either by adding additional time to another session or by adding an additional class meeting. The Office of Community Education should be notified of any missed classes and the makeup session.
