Addendum #1

November 9, 2025,

Subject: Addendum #1 to RFB B26-1125-03 – Forklift Purchase

You must acknowledge the receipt of this addendum and any future addenda in your final bid response on the form provided on page 8 of the bid document.

Reason for Addendum: The following question has been posted by a potential bidder:

Q1: Are you only taking bids for the Ekko brand or are you open to other brands with the same specs?

A1: The College is not restricted to the Ekko brand. Bidders may submit proposals for other brands, as long as the model meets the same specifications as those outlined for the Ekko model. This opens the door for equivalent alternatives from different manufacturers.

Due to the answer to the above question, the College has issued the following change to the RFB B26-1125-03 document:

- Replace the verbiage in the “Alternate Offers” section on page 3 with the following:

Bidders may submit proposals for equivalent alternatives from different manufacturers, provided each model meets or exceeds the specifications listed in the “Product Specification” section of the RFB on page 1.

Multiple offers will be allowed from one bidder. Each offer must be submitted as a complete, standalone package with all required documents. Every submission must include all three required bid forms. Missing any of these forms or combining multiple models in one proposal may result in the bid being declared non-responsive.
