VFD Replacement for Lap and Therapy Pool Pumps – B27-1026-02

Addendum #1

November 6, 2026,

Subject: Addendum #1 to RFB B27-1026-02 –

Reason for Addendum: This is a response to questions or clarification requests that have been received to date. The questions received with associated answers are provided.

Q1: Does the work need to be completed after-hours or can the pools be shut down during the day?

A1: Work does not need to be completed after-hours. The College would like to shut the pool down during normal business hours a time when there are little to no classes impacted. Dates and times can be coordinated with Bradley Griffith, Director of Logan Fitness and Aquatic Center.
