Team Members: #8: Sue Zamora, Terry Crain, Carla Haas, Cindy Johnson, Phil Minnis, Steve O'Keefe
 #12: Robin Pauls, Sue Zamora, Terry Crain, Carla Haas, Cindy Johnson, Barry Hancock, Johnna Herren

Mode: Efficiency – We combined teams for #8 and #12 because the items were very similar.

Initiative: #8: Evaluate ways to reduce paper and postage costs (i.e. class schedules, catalogs, communications, General News, student invoices).
 #12: Encourage the utilization of electronic document delivery whenever feasible and reduce out-posted mail.

Action Steps <i>What Will Be Done?</i>	Responsibilities <i>Who Will Do It?</i>	Timeline <i>By When?</i> <i>(Month/Day)</i>	Progress
<p>Step 1:</p> <p>Revisit electronic only distribution of <u>student invoices</u>. (Note: Admissions is currently e-mailing as much as possible.)</p> <p style="color: red;">Mail Account: 0131-000-544.030 It was determined that we stay with mailing student invoices for now. This was thought to be a convenience and public relations effort that we needed to stay with.</p>	Terry Crain	May 2010	Complete
<p>Step 2:</p> <p>Reduce printed <u>Class Schedules</u> from 10,000 copies to 2,000 copies. Implement poster campaign to obtain schedule information online from JALC website for SU10 and FA10 schedules.</p> <p style="color: red;">Printing: 0183-000-547.000 Does not get mailed out.</p>	Steve O'Keefe	January 2010	Complete

<p>Step 3:</p> <p>Take <u>College Catalog</u> to 2-year printing schedule and reduce number of copies printed. Reduced printed copies from 10,000 every year to 5,000 every two years. Printing: 0183-000-542.000 Does not get mailed out.</p>	Steve O’Keefe	January 2009	Complete
<p>Step 4:</p> <p>Reduce distribution of <u>General News</u> from 6 times per year to 4 times per year (quarterly) (Already in place). Survey hard copy recipients to see who will forego receiving a hard copy. Printing: 0181-000-542.000 Mail Account: 0181-000-544.030 Distribution of the General News was reduced from six times a year to a quarterly publication beginning January 2010. A survey was completed in May 2010 indicating over 70% of employees would support the newsletter being online. Beginning with the second quarter issue, the newsletter was placed online and is available for viewing via a link under Campus News. Printed copies of the newsletter were reduced from 1,600 to 800, cutting the cost almost in half. This is currently being evaluated to see if more off-campus copies can be sent via email.</p>	Donna Glodjo	Summer 2010	Complete
<p>Step 5:</p> <p>Post <u>General News</u> electronically on Alumni page and News sections of JALC website. Implemented. http://www.news.jalc.edu/ and http://www.jalc.edu/general_news/</p>	Phillip Lane	Summer 2010	Complete
<p>Step 6:</p> <p>Reduce descriptions and modify layout to condense <u>Continuing Ed Schedule</u>. Printing 0183-000-547.000 Mail Account:</p>	Steve O’Keefe Barry Hancock	Fall 2010	Complete
<p>Step 7:</p> <p>Review decreasing the mailing (number of recipients) for <u>Continuing Ed Schedule</u>. Because it is sent out on Permits to “Postal Customer,” it may be more expensive to reduce the mailing to specific addresses.</p>	Barry Hancock Steve O’Keefe Phil Minnis Sonnie Walker	Summer 2010	Complete/ Ongoing

<p>Step 8:</p> <p>Human Resources to e-mail <u>Vacancy Listings</u> to distribution list cutting the number of postal mail recipients.</p> <p>Mail Account: 0184-000-544.030 Listings are now e-mailed. There are approximately 10 recipients who receive this by postal mail and that included Board members.</p>	<p>Johnna Herren</p>	<p>March 2010</p>	<p>Complete</p>
<p>Step 9:</p> <p>Discontinue providing students with hard copies of <u>syllabi</u>. Have them print their own from the Portal if they require a hard copy. This would be mostly for Instruction; many Continuing Education students would continue to get hard copies of syllabi.</p> <p>Hard copies of syllabi are still distributed to students during the first class for discussion of class expectations.</p>	<p>Instructors C&I Dept.</p>	<p>Fall 2010</p>	<p>Complete</p>
<p>Step 10:</p> <p>Use <u>Document Manager</u> system to store documents which can then be distributed electronically rather than printing/copying and mailing.</p> <p>Overall reduction in paper, printing, and possibly postage. Currently being used by Continuing Education, Information Technology, Placement, Student Activities, Admissions, and Financial Aid.</p>	<p>All Departments</p>	<p>Summer 2010</p>	<p>Ongoing</p>
<p>Step 11:</p> <p>Full-time and term faculty to receive electronic distribution of paperwork that can be e-mailed, i.e. Faculty Teaching and Office Schedule, Academic Calendar, etc.</p> <p>Update: Electronic distribution of paperwork is currently e-mailed. Overall reduction in mail usage (many accounts). Where possible, we send electronically. Still have syllabi in hard copy for discussion in courses.</p>	<p>Dean for Instruction & Transfer Term</p>	<p>Fall 2010</p>	<p>Ongoing</p>

<p>Step 12:</p> <p>Discontinue hard copy mailing of College <u>News Releases</u>.</p> <p>Overall reduction in mail: 0183-000-544.030 Discontinued mailing.</p>	<p>Steve O’Keefe Word Processing</p>	<p>April 2010</p>	<p>Complete</p>
<p>Step 13:</p> <p>Discontinue hard copy mailing of Foundation <u>News Releases</u>.</p> <p>Overall reduction in mail: 0183-000-544.030 Discontinued mailing.</p>	<p>Stacy Holloway Word Processing</p>	<p>Summer 2010</p>	<p>Complete</p>
<p>Step 14:</p> <p>Encourage the use of Permit 14 for standard mailings over 200 pieces.</p> <p>Reduction in postage for many accounts.</p>	<p>Sue Zamora</p>		<p>Ongoing</p>

Initiative: #9 Maintain Tuition Rates of 110% of ICCB Minimum Threshold

Action Steps <i>What Will Be Done?</i> Deadlines have not come up yet.	Responsibilities <i>Who Will Do It?</i>	Timeline <i>By When?</i> <i>(Month/Day)</i>	Progress
Step 1: Get determination from ICCB regarding the equalization eligibility threshold for tuition for FY 2012.	Brad McCormick	December 2010	
Step 2: Calculate tuition increase using 110% of eligibility threshold.	Brad McCormick	January 2011	
Step 3: Gather ICCCF0 survey information regarding expected tuition increases for FY2012 and compare to calculation. Ask the question of whether the increase is adequate for the financial needs of the institution for FY2012. Deliver the recommendation to Dr. Mees, Dr. Daugherty and Adrienne Barkley Giffin.	Brad McCormick	January 2011	
Step 4: Present tuition recommendation to student senate for feedback.	Adrienne Barkley Giffin & Tim Daugherty	January - February 2011	
Step 5: Present tuition rate recommendation to the Board of Trustees for approval.	Tim Daugherty & Brad McCormick	February 2011

Mode: Recommendation to combine efficiency #10 and critical #19

Initiative: #10: Continue the three month hiring chill unless grant funded.
#19: Implement a smart freeze on hiring

Action Steps <i>What Will Be Done?</i>	Responsibilities <i>Who Will Do It?</i>	Timeline <i>By When?</i> <i>(Month/Day)</i>	Progress
Step 1: Implement smart freeze/3 month hiring chill	Robert Mees Clay Brewer	FY 10-11	Ongoing
Step 2: Continue to monitor open positions that are not filled	Robert Mees Clay Brewer	FY 10 -11	Ongoing
Step 3: Re-Evaluate positions to determine those to put on hold, cancel or fill	Robert Mees Clay Brewer	FY 10 -11	Ongoing
Step 4: Update: No net increase in staffing number

Mode: Efficiency

Initiative: #11 Limit Conferences and other travel expenditures and look for other alternative funding sources such as grants to support travel. (assumes 15% - 20% reduction)

Action Steps <i>What Will Be Done?</i>	Responsibilities <i>Who Will Do It?</i>	Timeline <i>By When?</i> <i>(Month/Day)</i>	Progress
Step 1: Seek funds for travel from novel sources such as grants, JALC Foundation, and Center for Excellence Committee	Person seeking travel funds	Depends on date of travel	Ongoing
Step 2: Although there has been no ban on out-of-state travel by the College, all out-of-district and out-of-state travel will require VP approval (prior to traveling) through FY11.	Person making request to travel VPs	May 1	Ongoing

Team Members: Craig Batteau, Robin Pauls, Judy Vineyard, Sue Zamora

Mode: Efficiency

Initiative: #13 Seek more efficient and cost effective printing alternatives to include reduction of stand-alone printers.

NOTE: The committee is seeking further information on these areas before we would make a recommendation.

Action Steps <i>What Will Be Done?</i>	Responsibilities <i>Who Will Do It?</i>	Timeline <i>By When?</i> <i>(Month/Day)</i>	Progress
<p>Step 1: Obtain quotes for a print management system that would include the Library and Computer Labs C238 & C242 <i>The committee received a quote from Stiles and is waiting on a quote from IKON. The committee has decided to wait until discussion with Higher One before pursuing this purchase.</i> Update: IKON never submitted a quote. The committee will again pursue this – making sure that the system would work with the Higher One or any debit card.</p>	Judy Vineyard	4-30-2010 Spring 2011	
<p>Step 2: Talk to Terry Crain to gain an understanding of the “Big Picture” for the Higher One Card. What the goals of the card are and an estimated timeline of when printing might be included and a cost. <i>The College will begin discussion with High One in Fall 2010 on using the One Card as a copy card. Item to be addressed are: Additional cost with Higher One for this service, purchase a Print Management System (High One would only be providing the card, we would still need to purchase hardware and software from an outside company) which would be compatible with the Higher One system. Coordination of process – cards and Print Management System</i></p>	Sue Zamora	4-30-2010	

<p>Update: There are no current plans to use the Higher One Card as a print card. Other methods of charging students for copies are being investigated (Note – Step 1)</p>		<p>Spring 2011</p>	
<p>Step 3: Have printing jobs in the Computer Labs run through the student worker on duty. <i>If approved, this process will be implemented in the Open Computer Labs Fall 2010.</i> Update: Installed PaperCut NG software in Open Access Labs (C238 & C242). This software has been implemented and is currently monitoring all print jobs in these two labs.</p>	<p>Craig Batteau</p>	<p>6-30-2010</p>	<p>Complete 8//19/2010</p>
<p>Step 4: In combination with Critical Mode #7 – adjust student lab fees to cover the approximate \$14,000 to \$15,000 cost of printing in the labs. <i>The committee recommends a new \$3 per student fee (certificate, transfer baccalaureate) to be implemented when the College is ready to begin the Print Management System with the One Card. This fee should cover the cost of the Print Management System and the cost of student printing in the computer labs. Once the cost of the Print Management System is recovered the fee could then be removed.</i> Update: This has not been implemented at this time. Once the cost of a Print Management System is determined, this issue will be re-visited.</p>	<p>Whole committee</p>	<p>1-1-2011</p> <p>Spring 2011</p>	
<p>Step 5: Work with IKON to reduce stand alone printing and investigate campus wide cartridge buying. <i>The committee is revising this step to read: Work on investigating campuswide cartridge buying.</i> Update: The committee is currently running a pilot test of replacing stand alone printers with printing to the copiers in the Athletic and advisors areas. Those machines are being equipped with network cards during the month of November 2010. In 2011, the lease with IKON ends. The College will have all printers network capable as a campuswide initiative of printing to copiers. Each black and white “click”/copy on a copier costs the College less than one cent where printing to a printer costs between 3.5 and 6 cents. The College currently has a one-year price guarantee with CDS Office Technologies to buy OEM and compatible cartridges on a very low margin. For most cartridges, it is less expensive than all other vendors. The stockroom price compares all cartridges before ordering.</p>	<p>Robin Pauls Sue Zamora</p>	<p>5-31-2010 <i>New Date:</i> 6-30-2010</p> <p>Spring 2011</p>

Mode: Efficiency

Initiative: #14 Evaluate computer replacement schedule

Action Steps <i>What Will Be Done?</i>	Responsibilities <i>Who Will Do It?</i>	Timeline <i>By When?</i> <i>(Month/Day)</i>	Progress
<p>Step 1: Reduce total number of office and lab computers purchased in FY 11 below levels of previous years. FY 08 = 314, FY 09 = 340, FY 10 = 251, FY 11 = 208. <i>Update: To date in FY 11, the College has purchased 83 office computers and 125 lab computers for a total of 208.</i></p>	<p>Information Technology staff</p>	<p>August 2010 (labs) December 2010 (offices)</p>	<p>Complete</p>
<p>Step 2: Reduce per computer cost by reusing flat panel monitors already in place. New computer prices will be, in most cases, quoted without monitors. <i>Update: In FY 10, the College purchased 182 lab desktops @ \$1,031.62 each = \$187,786.50, four (4) lab laptops @ \$2,406.78 = \$9,627.12, 41 office laptops @ average of \$1,611.98 = \$66,091.11, and 22 office desktops @ average of \$1,033.39 = \$22,734.62. Total = \$287,239.30. In FY 11, the College purchased 125 lab computers @ \$996.30 = \$124,537.50 and 83 office desktops @ \$855.80 = \$71,031.40. Total so far = \$195,568.90.</i></p>	<p>Information Technology staff</p>	<p>April 2010</p>	<p>Complete</p>
<p>Step 3: Continue to provide usable computers for smart rooms by “cycling down” computers that were replaced in labs and offices. <i>Update: To date, the College has placed 29 “cycled down” computers from FY 2007 purchases in smart rooms.</i></p>	<p>Information Technology staff</p>	<p>April 2010</p>	<p>Complete</p>
<p>Step 4: Provide usable computers for Communications wing from FY 07 computers after they are replaced early in FY 11. Several dozen FY 06 computers have been retained and stored if needed. An alternative to this plan would be to not replace 83 office computers in FY 11 and use those funds for new lab computers in the Communications wing. <i>Update: The Communications wing will not be ready until July 2011. Numbers of computers for that building has not yet been finalized.</i></p>	<p>Information Technology staff</p>	<p>August 2010 (labs) December 2010 (offices) January 2011 (Communications wing)</p>	

<p>Step 5: Formulate FY 12 replacement schedule based on future funding criteria. Update: We have not reviewed the FY 12 replacement schedule at present. Our goal is to be able to replace one-fourth so we can remain on a four-year cycle. Moving back to a five-year replacement cycle only saves 5% and it not a good strategy if at all avoidable.</p>	<p>Information Technology staff</p>	<p>November 2010- February 2011</p>

Initiative: #15 Departmentalize course fee revenue to allow for more accountability.

Action Steps <i>What Will Be Done?</i>	Responsibilities <i>Who Will Do It?</i>	Timeline <i>By When?</i> <i>(Month/Day)</i>	Progress
Step 1: Meet with Information Technology to understand how course fees are assessed and work in the APECS system. Discuss with IT the available options to implement departmentalized course fees while utilizing the APECS system.	Committee	May 31, 2010	Completed May 11, 2010
Step 2: Meet with VP's and Department Chairs for clarification and guidance on how to assign the course fees to courses (for example – math classes tied to math or the major the student is enrolled in) and other issues. Using the information from the IT department, VP's and department chairs, set guidelines for the course fee setup process. Committee will meet regularly for completion of these guidelines.	Committee	October 31, 2010	Completed Nov. 10, 2010
Step 3: Determine new account numbers to be setup on the finance side of APECS. Determine the course fees to be adjusted and/or setup on the higher ed side of APECS per the guidelines created in step 2. Review with committee members to make sure all the departments are represented.	Corina, Kim and IT department	November 30, 2010	Target Date: Dec. 10, 2010
Step 4: Setup all new account numbers on the finance side and make the required changes and additions to the course fees on the higher ed side of APECS training site. May require review of every class setup on APECS, depending on information from step 1. Run tests to ensure that the course fees appear on the student screens correctly and is posting on the finance side correctly.	Corina & IT Department	March 15, 2011	Target Date: Dec. 22, 2010
Step 5: Update the Business Office daily and monthly balancing worksheets to account for all new account numbers set up in step 4.	Business Office Staff	March 31, 2011	Target Date: Jan. 15, 2011

Step 6: Once the process is agreed upon, a meeting will be set up with Brad McCormick and all committee members for further discussion and approval.	Brad McCormick & Committee	Jan. 31, 2011	
Step 7: Setup all new account numbers on the finance side and make the required changes and additions to the course fees on the higher ed side of APECS training site. May require review of every class setup on APECS, depending on information from step 1. Run tests to ensure that the course fees appear on the student screens correctly and is posting on the finance side correctly.	IT Department	March 15, 2011	
Step 8: Update the College's working APECS site.	IT Department	March 15, 2011	
Step 9: Update the Business Office daily and monthly balancing worksheets to account for all new account numbers set up in step 4. Review these items during monthly balancing to ensure that they are being posted correctly.	Business Office Staff	March 31, 2011

Action Steps <i>What Will Be Done?</i>	Responsibilities <i>Who Will Do It?</i>	Timeline <i>By When?</i> <i>(Month/Day)</i>	Progress
<p>Step 1: The current student work hours of 20 per week for Fall & Spring will be cut to 16 hours; Summer & Break hours will be reduced from 28 to 20. The only exception to these new hours will be for areas which are specifically related to safety & security. (ex. Lifeguards and Computer Labs). Administrative Procedure 811 and the Student Work Handbook will be updated to reflect the change in limits.</p> <p style="color: red;">Update: Beginning July 1, Student work hours were reduced from 20 hours per week to 16 hours per week during fall and spring semesters, with the exception of life guards and students working within the IT department. During breaks and the summer, students' hours were reduced from 28 to 20 hours per week.</p>	Lisa Hudgens	6/1/2010	Complete
<p>Step 2: The Business Office will reduce the College student work budgets to reflect this reduction in hours.</p> <p style="color: red;">Dean for Financial Operations Kim Dixon reduced the student worker line items by 20% for FY 2011. The original budget was \$566,917 and was reduced to \$450,355, a total reduction of \$116,562.</p>	Kim Dixon	6/1/2010	Complete

<p>Step 3: Student work supervisors will be trained on new procedures.</p> <p>Supervisors who have employed students receiving FWS money have been contacted as their student's need is being reached. They are being informed that the student worker will now be charged 100% to institutional dollars.</p>	Committee	7/1/2010	Complete
<p>Step 4: Establish a systematic notification process to inform Supervisors of budget balances</p> <p>The College was awarded \$97,565 in Federal Work Study dollars for FY 2011. As of 11/8/2010, \$79,300 has been expended. It is estimated that all of the FWS dollars will be expended by mid to late December 2010.</p> <p>During the week of November 15, the director of placement will send an e-mail announce to all student worker supervisors, after first being approved by the vice-president for administration, notifying them that FWS dollars will be expended by the end of December and all student workers will be charged 100% to institutional dollars.</p> <p>Institutional student work line items are currently being monitored. By mid November, 2010, departments should have expended 30 to 35% of their line item. According to the report, as of November 9, 2010, only four departments have exceeded that amount. One department has been contacted and they are taking steps to correct it. The other three departments will be notified.</p> <p>The institutional student work line item will continue to be monitored and departments contacted as they reach the maximum amount allotted for student work wages.</p>	Stacy Buckingham & Lisa Hudgens	7/1/2010	In Process

Initiative: #14 Review and/or reduce student tuition categories.

Action Steps <i>What Will Be Done?</i>	Responsibilities <i>Who Will Do It?</i>	Timeline <i>By When?</i> <i>(Month/Day)</i>	Progress
Step 1: Review categories of waivers that this committee has been charged to examine and decide the concentration of efforts for each category.	Terry Crain	April/2010	Complete
Step 2: On concentrated categories, decide what waivers/scholarships should be continued, suspended, modified, or further research needed. Make recommendations for this change to the Vice-President's office. (See Below)	Terry Crain	April/2010	Complete
Step 3: Review the accounting process for continued waivers to maximize accountability.	Terry Crain Sherry Summary Stacy Holloway	May/2010	
Step 4: Communicate budget reductions with the Business Office	Terry Crain	June/2010	
Step 5:			

Stacy will combine and edit waiver form for a simpler document.

Stacy will list current Presidential waivers that are active, inactive, and suspended per recommended action

Stacy and Dr. Daugherty will meet with Dr. Mees to see if there are further recommendations about the scholarships (consistency of awards, relevance, etc).

The committee will recommend certain scholarships to be suspended.

The committee will recommend that scholarships/waivers should be for full scholarships (for consistency of awards). There will be no “half” scholarships given.

Terry, Sherry, and Stacy will meet with the Business Office about an expanded coding system for accounts.

The Dollars for Scholarships has been recommended to have 2 full-time one year scholarships per in-district high school.

This committee was not charged to review Faculty/Staff waivers, Athletic waivers, Business and Industry waivers, Foundation-donor supplemented scholarships, or ASE/GED waivers. They were charged to review non-Foundation student waivers and Foundation-non-donor scholarships. The non-Foundation student waivers were recommended at the March board meeting and voted on. This left the committee to review the Foundation-non-donor scholarships (Presidential waivers)

The waivers below were already voted on by the board at the March meeting to be reduced to 75%. Further clarification of some of these may be forthcoming.

- ACT Scholarship
- Auto Collision Technology
- BOT Waivers
- College Bowl
- Drama
- Du Quoin State Fair Waiver
- Expressions Waiver
- Forensic
- High School Business Competition
- High School Drafting Competition
- High School Health Careers Showcase
- High School Juniors Honors

- High School Technology
- John A. Logan College Ice Fair
- Journalism
- Literature
- Music
- Student Senate President
- TRIO Waiver
- WYSE Math Competition

For ASE/GED classes...we cannot charge tuition, however, fees can be charged up to a maximum amount (don't remember off hand what that maximum is, but when we determined the fee years ago, that fee fell below the maximum). We charge fees **only** on ASE classes. Students in GED and ABE classes are not charged any fee. For classes paid for by the College out of unrestricted funds, we are reimbursed equalization and apportionment per credit hour. For classes paid for out of grant restricted funds, we are reimbursed apportionment per credit hour.
